

# 2009 All-State Chorus Music

*The performance of "The Star Spangled Banner" by the combined chorus and orchestra will lead off the program for the All-State Chorus & Orchestra Concert.*

*The vocal arrangement that will be used for "The Star Spangled Banner" will only be available for purchase from the SDHSAA. This is the same arrangement of "The Star Spangled Banner" that was used in 2008. If you have a copy of the arrangement from last year, you do not need to purchase a copy this year.*

*NOTE: It is anticipated that the combined chorus and orchestra performance of our National Anthem will begin future All-State Chorus & Orchestra concerts. Therefore, once the vocal arrangement has been purchased, it should be saved for the concert the next year.*

**NOTE:** Schools ordering this piece will receive only one copy of the music. Schools should make additional copies for members of their quartets. All orders should be pre-paid (i.e. accompanied with a check for the amount). Any music ordered by purchase order or on a "Bill" basis will be charged an additional \$5.00. The only method for the SDHSAA to keep the expense of the music at a manageable cost is by following the process of pre-paying for the music.
