

Back to School!

Hi, everyone, I am Kayla Aston, your new SDSCA Reporter! Wow, am I excited and you should be too! I have a feeling this year is going to be a great one! I'm sure all of you are busy with homecoming, work, and everything else that comes with the duty of being "tomorrows future." With the region meetings coming just around the corner, I wish all of you the best of luck, and hope to hear from you!

right about now, stunned, in confusion. For those of you who are curious as to what I am talking about you can visit www.wtcsteel.org/project for more information. This project will also be mentioned at your region workshops, so keep your ears, hearts, and minds open.

Convention, believe it or not, is just around the corner, and it's time to be thinking about what you'd like to accomplish before then. This years' theme is "Leadership Round-Up." Leaders are forever changing, adapting, so we thought the theme to be suitable. How exciting!! So, get out your bandanas, and lariats. I can't wait to see you all in March.

Upcoming State Project

9/11 Memorial

This year's State Board has decided that we will continue the WTC Steel Project in hopes that our efforts will push forward with fight against terrorism. This project will be a continuation of last years'. I know that if all of us put forth some effort we can make this project become a reality! Some of you might be scratching your heads

Leadership Round-Up

"If your actions inspire others to dream more, learn more, do more, and become more, you are a leader." This quote said by John Quincy Adams says it all. If your stuck behind someone the scenery never changes, so get out front and LEAD!
