Participation in school activities teaches that it is a privilege and an honor to represent one's school. Interscholastic activities constitute a part of the right kind of "growing up" experiences for students. Participants learn to accept success and failures, gain poise and confidence, achieve tolerance and understanding of others and gain the self-satisfaction of accomplishing goals. Under a well-administered school program, students and spectators become better citizens through participation and observation of activities conducted under established rules. SDHSAA/NFHS Changes and Reminders:

1. **Five Year Grace Period (summer of 2023-2027):** Per action at the March 1, 2023 Board of Directors Meeting, the SDHSAA will allow softball programs a 5-year grace period to allow coaches the ability to coach the SDHSAA sanctioned softball team and a summer team for the years of 2023-2027. If a coach coaches their SDHSAA sanctioned softball team and is hired to coach a youth program or team in the summer, the said coach WILL be allowed to coach that summer team through the summer of 2027. After that time, schools need to prepare to make alternate plans to hire separate coaches for these programs during the out of season time to stay in line with out of season rules.
2. Beginning January 1, 2027, uniforms may only bear a single manufacturer's logo, school name, school logo, mascot and/or the participant's name. Advertisements, messages, team slogans, etc., will no longer be permitted.

SDHSAA STATE ASSOCIATION ADOPTIONS:

1. **Doubleheader** – defined as two varsity games on the same date against the same opponent, games may be shortened to any combination with a minimum of two 5 inning games and count as regulation games. Doubleheaders count as two games toward the allowable number of contests listed above.
- Triangular** – may be played to 5 innings.

JV/sub-varsity contests – Each host school will determine the length of their sub-varsity contests. Allowable length of sub-varsity contests is 5/7 innings, or 60-90 minutes time limit (with the 10/15 run rule in place). Each host school should determine the format prior to the contests and inform opponents of how the contest will be run. Contests may be played with any of the following: free substitution, unlimited number of batters, and a run rule per inning may be implemented per mutual agreement by coaches prior to the contest. Contests should stay within the rules as much as possible with some allowances giving more players the ability to play without specific restrictions.

2. Run Rule 10-Run Rule and 15-Run Rule:
 - a. 10-Run Rule: A game ends after 5 innings (4 $\frac{1}{2}$), when a team is 10 or more runs behind and has completed its turn at bat.
 - b. 15-Run Rule: A game ends after 3 inning (2 $\frac{1}{2}$), when a team is 15 or more runs behind and has completed its turn at bat. This is effective for regular and post season play.
3. Double First Base: The double-first base is required for all regular season (sub varsity and varsity) and post season games.
4. International Tie Breaker:

In the event that there is a tie at the end of the regulation contest, the following tie-breaking procedure shall be followed:

 - a. The team will play another inning starting with a runner on second base in scoring position.
 - b. At the start of the inning in which the tie-breaker rule is used, the offensive team shall begin its turn at bat with the player who scheduled to bat last in that respective half inning being placed on second base (e.g., if the number 5 batter is the leadoff batter, the number 4 batter in the batting order will be placed on second base).
 - c. The umpire and scorekeeper will determine that the proper runner has been placed on second base the inning begins.
 - d. Play continues until a winner is determined based on the completed inning(s).

5. Suspended Game Rule:

A suspended game is any game that ends before it becomes a regulation game, or a regulation game that has a tie score when it is ended. If weather, darkness or similar issues interfere with play and the game is called with fewer than 5 completed innings (ended by the umpire before it is a regulation game), the game will be suspended and continued from the point of suspension at a later time. The line-up and batting order of each team shall be exactly the same as the line-up and batting order at the point of suspension.

Rule 4-2-2: If the game ends because of weather conditions, or darkness interferes with play so that the game is called (ended) by the umpire, it is a regulation game provided:

- a. Five full innings have been played; or the home team at bat has scored an equal or greater number of runs in four or four and a fraction turns at bat than the visiting team has scored in five turns at bat; or
- b. Play has gone beyond five full innings and is called when the teams have not had an equal number of completed turns at bat. The score shall be the same as it was at the end of the last completed inning; unless the home team, in their half of the incomplete inning, score a run (or runs) which equals or exceeds the opponent's score, in which case, the final score shall be recorded when the game is called.
- c. If after 5 innings, the game is suspended due to weather, darkness or similar issues that interfere with play and the game is tied, the game will end in a tie and seed points will reflect the tie based on the seed point chart at the end of this section.

GENERAL INFORMATION

Classification and Alignments

Schools will be classified according to Average Daily Membership figures from the most recent classification cycle approved by the Board of Directors.

- Class AA 450.000 and above
Class A 140.000 to 449.999
Class B 139.999 and below
- The Board of Directors will grant permission to any school to participate in a higher classification than their ADM (9-11) places them. If a school requests and is granted permission, they will remain in the higher classification for a two-year alignment period. At the end of the two years, they could exercise their option again if they so desire. If a school requests to move up in one activity they must move up one classification in all other activities that use the same classification formula. The SDHSAA must be notified by July 1.

Rule on Season Dates

Practice may begin on Monday of Week 37 of the NFHS Calendar.

Game Limitations

All squads (varsity, J.V., "B", etc.) are restricted to a maximum of 20 games based on the chart below. **In order to be seeded for the postseason, teams must play a minimum of 10 games.**

- a. This includes four tournaments.
- b. The contest/tournament configuration is as follows:

All Classes:

20 games	No tournaments
19 games	1 tournament
18 games	2 tournaments
17 games	3 tournaments
16 games	4 tournaments

Note: The maximum number of tournaments a team may play is four. By definition, a tournament is an event whereby a team has the possibility to play three or more contests. The tournament may be scheduled over more than one day and all teams involved must count the event as a tournament.

-This policy applies at all levels of competition (Varsity, Junior Varsity, Sophomore, Freshmen).

Regulation Contests

1. NFHS Rule (2-26-3) state: A regulation interscholastic game consists of seven innings (turns at bat) unless extra inning(s) are necessary because of a tie score, or unless shortened: because the home team needs none of its half of the seventh or only a fraction of it (4-2-1), or because of weather, darkness, or a result of Rule 4-2-2. If the home team scores a go ahead run in the bottom of the seventh inning or in any extra inning, the game is terminated at that point.

2. **Tournament** – Tournament is defined as an event with a minimum of 4 teams participating. The tournament may be scheduled over more than one day. Host schools have the option to use one of the following formats for tournament play during the regular season (based on the above definition). Host schools must communicate which format will be used PRIOR to the start of the tournament.

a. Tournament game may be shortened to a minimum of 5 innings for a regulation game. (run rules remain in effect)

b. Tournament games may use a “90-minute” game time limit for each contest. When the third out of the home team is recorded, this will determine if another inning will be played. If time is left on the clock, another inning will be played. If time has expired, the game is over.

c. Tournament games may play 7 innings for a regulation contest.

3. **Doubleheader**- defined as two varsity games on the same date against the same opponent, games may be shortened to any combination with a minimum of two 5 inning games and count as regulation games.

Doubleheaders count as two games toward the allowable number of contests listed above.

4. **Triangulars**- may be played to 5 innings.

5. **JV/subvarsity contests**- Each host school will determine the length of their sub-varsity contests. Suggested length of contests is 5 innings or a 60-90 minute time limit. Contests may be played with free substitution, or batting as many as you would like, etc. Contests should stay within the rules as much as possible with some allowances for more players the ability to play without specific restrictions as there are in the varsity contest.

Pitching Restrictions

There are no restrictions on the number of innings a softball pitcher may pitch in a day.

Team Practice

Softball teams shall not participate in a softball game unless the team has had 5 days of practice. This regulation does not apply to individuals. Teams must have a minimum of five practice days prior to the first contest. One day is considered one practice day regardless of the number of times a team practices in a day.

School Sponsorship & Transition Programs

In the interest of promoting the addition of softball and other new activities, the SDHSAA Board of Directors has approved the following “transition” plan for Member Schools to be able to gradually incorporate a program in to its Athletic Department’s offerings. Schools who choose to enter into a transition program agreement shall notify the SDHSAA Office of their intentions to follow such a “transition” path.

For a school to officially sponsor and sanction an SDHSAA sport/activity, the following criteria apply:

- A. The local governing board of each member school must have taken official action at a regularly scheduled meeting indicating their intention to sponsor a particular sport or activity. Pursuant to board action, it is understood that the local governing board must assume total control over activities they are sponsoring.
- B. The local governing board must assume direct control of all financial obligations related to the sponsorship of a sport. The source of revenue, be it taxes, gate receipts, donations, fundraisers, corporate partners, etc., is irrelevant as far as the SDHSAA is concerned. It is assumed that all revenue, regardless of its source, will be deposited in the general fund or impressed fund of each member school. The local governing board shall assume total control of those funds. Items such as scheduling, hiring of coaches, purchase of equipment, coaches’ salaries, officials pay, transportation, meals, lodging, etc., must be under the control of the local governing board.
- C. The eligibility rules of the SDHSAA will apply to all interscholastic sports sponsored by member schools.

For a school to be considered a ‘transition’ program, and obtain immediate eligibility in the SDHSAA, the following criteria must be met for a program that is not necessarily fully integrated in to a Member School District’s offerings:

- A. A school board resolution must state the school district’s intent to fully implement softball within five years of the passing of such a resolution.
- B. 5 – year transition period
 - 1) A 5-year window of implementation from the date the school board approves softball as a transition team until softball is a full status school sponsored sport.
 - 2) During the five year window the transition team will be eligible for SDHSAA post-season competition. NOTE: Transition teams are not eligible for the club softball post season.
 - 3) Must follow SDHSAA regulations:
 - a) Academic eligibility
 - b) 8 semester rule
 - c) Age rule (become ineligible at age 20)
 - d) Enrollment/attendance requirements
 - e) Residency requirements
 - f) Adopt school colors, logo and nickname
 - g) In-Season & Out-of-Season rules apply (Coaches and Athletes)

Athletic Contest Contracts

According to Article VIII, Section 2 of the SDHSAA Constitution, all contracts must be sanctioned by the Principal, Superintendent or Athletic/Activities Director of the schools involved. It is recommended that athletic contest contracts be used for all levels of competition.

Licensed Officials Mandatory

Only licensed officials may be used for interschool varsity games. The official must be licensed with the SDHSAA and have completed all requirements. The SDHSAA publishes a list of all officials. It is recommended that two SDHSAA licensed umpires be contracted for all varsity interscholastic competition.

All Varsity games should have a minimum of two umpires assigned. Sub-Varsity games may use a system as outlined in the NFHS Rules Book.

Team Roster and School Information

- a. Coaches are required to enter their team roster on Bound by March 29. A \$50.00 fine will be assessed to any school who does not submit their roster by March 29.
- b. Each team may carry a maximum of 16 players for SDHSAA SoDak and State Tournaments.
- c. A roster may be edited as the season progresses, **however a complete and accurate roster shall be updated and finalized on-line one week prior to the start of post season play.** No changes may be made after that time without SDHSAA approval.
- d. A coach may include as many players on the list or roster as he/she wishes. The actual players in uniform may change from game to game, day to day, etc. however only 16 players may suit for any post-season contest.
- e. **Substitution on Squad list:** Substitutions may be made for any player(s) who is/was originally listed on the roster provided the substitution is a result of injury, illness or emergency. Substitutes will not be allowed for removal of a player for disciplinary reasons. School must notify the SDHSAA for approval of any post-season substitution. Any non-approved SDHSAA roster change after the deadline shall render the team ineligible for any post season play.
- f. If a school needs to draw upon a substitute during the post season/state tournament series whose name was not on the Team Roster, they may do so as long as the substitute is eligible under the Constitution and Bylaws of the SDHSAA, meets all other team membership rules, and is a result of injury, illness or an emergency. If a player is removed for disciplinary reasons, said player may not be replaced. Any changes to the roster must be approved by the SDHSAA prior to any change being made after the deadline.

Schedules and Rosters Due

All schedules and rosters are due to be posted online to the SDHSAA website by March 23. A \$50 late fee will be assessed to the member schools who fail to meet the deadline.

Online Schedule Due	Online Roster Due
March 29	March 29

Head Coaches Must Complete Rules Meetings and Pass Open Book Test

All head coaches in South Dakota High School sports programs must complete an on-line rules meeting. Assistant coaches are encouraged to also complete the on-line rules meeting, but it is not mandatory. In addition to completing the on-line rules meeting, each head coach must complete and pass the on-line open book test in the sport. Again, it is recommended that assistant coaches also take and pass the on-line open book test, but it is not mandatory. Notification of testing dates and procedures will be sent to the athletic directors of each school. A fine of \$50.00 will be assessed against the member school if the head coach fails to complete the rules meeting or pass the open book test. If the head coach fails to complete both requirements, the fine will be \$75.00.

Coaches Must Meet SDHSAA Educational Requirements

All the athletic coaches in member schools must meet the education requirements set forth by the SDHSAA **PRIOR** to beginning coaching for the season.

NOTE: See Coaches Education Program tab in the Athletic Handbook for SDHSAA Coaches Education Program.

Sportsmanship and Standards of Conduct

1. Each athletic director, superintendent, principal and coach whose school participates in a tournament is charged with the important role of teaching the highest principles and standards of general behavior. The school administrator should never over-look any opportunity to remind and emphasize tactfully the need and value of proper respect for their opponents with regard to their organized cheering activities, the decision of set officials and the importance of desirable and proper conduct both at home and away.
We are sure that you concur with the Board of Directors in its belief that considerable effort should be exerted by tournament directors to promote the highest principles of sportsmanship in tournament sets. You are urged to give the officials your utmost cooperation in helping them to keep rowdy and unsportsmanlike conduct entirely absent from the tournament. If there should be any patrons unwilling to accept the principles of good sportsmanship or there are some who desire to view the game while under the influence of intoxicating beverages, you should see that those individuals are evicted from the gymnasium.
2. The SDHSAA Constitution and Athletic By-Laws state:
SCHOOL OFFICIALS AT GAMES. The home school shall always have one or more faculty members present at an inter-school contest. The home school officials shall be responsible for the treatment of visitors, including officials for the contest, while in the community for the event. Officials of the visiting school shall supervise the conduct of their students at the contest.
PARTICIPATING SCHOOL RESPONSIBILITY. Member schools shall use all reasonable precaution to insure proper conduct on the part of all their respective students attending tournaments and shall assume definite responsibility toward the conduct of such students both at large and individually.
It is assumed that administrators from each participating school will be in attendance at all tournament games that involve their team and render assistance to the tournament committee in controlling unsportsmanlike conduct

ACADEMIC ACHIEVEMENT TEAM AWARD
