CHAPTER 1 – ONE-ACT PLAY REGULATIONS

ARTICLE I - SCHOOL CLASSIFICATION, PLACEMENT, AND SEASON

Section 1. There shall be separate one-act play contests for Class “AA”, Class “A” and Class “B” high schools. The following enrollment classifications will be used:

Class “AA” - A.D.M. enrollment of 450 and above

Class “A” - A.D.M. enrollment of 90 up to 450

Class “B” - A.D.M. enrollment below 90

All Class “A” and Class “B” schools declaring their intent to participate in the program shall compete in the contests preliminary to the State Festival.

Section 2. Average Daily Membership enrollment figures from grades 9 through 11 shall be used for purposes of classification. Classification is for a two-year time period with each reclassification period beginning in years that end in 1, 3, 5, 7 and 9.

Section 3. INTENT TO PARTICIPATE. It is a school’s responsibility to file its “Intent to Participate” in the One-Act Play program. The “Intent to Participate” form can be found in the *Varsity Bound Area* at www.sdlhsaa.com. **The “Intent” form is due by November 15.** If a school’s “Intent Form” is submitted after the due date, it will be assigned to the closest region where the impact of an additional school would not create a region too large to adequately hold a region contest as compared to the size of other regions. The policy of placing a school in the “nearest available region” will apply only if the “nearest” region to which the school might be assigned would not be impacted by the previously listed criteria. Once a school is assigned to a region, the school will remain with that region for the One-Act season (even if circumstances would create a vacancy at a region nearer to the school (therefore, a region with a school assigned to it will not be negatively impacted by the school being re-assigned to a different region).

Section 4. CLASS “A” & “B” ASSIGNMENT TO DISTRICTS AND REGIONS. Class “A” and Class “B” schools, after declaring their intent to participate in the program, shall be assigned to a district or region. The district/region assignments will be announced around the first week of December.

1. Class “A” is divided into six regions. And Class “B” is divided into eight regions.

2. Region numbers will be evaluated to determine whether further adjustments are needed.

Section 5. BEGINNING OF COMPETITION. All Class “A” and Class “B” schools shall begin competition at the district contest level when the number of schools participating in the program make necessary the formation of districts. Otherwise, the schools shall begin competition in the region contests as determined by the Assistant Executive Director and the members of the Advisory Committee. All Class “AA” schools will begin competition at the State Festival.

Section 6. ONE PLAY PER SCHOOL. Each school shall be permitted to enter only one play in the region contest or State Festival.

Section 7. LENGTH OF SEASON. One-Act Play contest season: Monday of Week 28 (unless a holiday) through the first weekend in February (week 31). **NOTE:** There is no restriction for the beginning of practice. Practice can begin anytime.

ARTICLE II-MANAGEMENT OF CONTESTS

Section 1. DISTRICT AND REGION COMMITTEES. Class “A” and Class “B” district and region contests shall be under the management of district and region committees respectively. The advisory committee shall appoint chairpersons for these committees.

1. If district contests are held, the district chairperson shall appoint at least two additional committee members from other schools in the district.

2. In addition to the chairman, the region committee shall consist of at least two committee members (i.e., one-act play directors or the district chairpersons).

3. When districts are not necessary, each region chairman shall appoint at least two additional committee members from other schools in the region.

Section 2. REGION CONTEST STARTING TIME. The SDHSAA Board of Directors has mandated that Region One-Act Play Contests cannot be scheduled to begin any earlier than 9:00 a.m.

Section 3. STATE FESTIVAL. The State Festival shall be under the direct supervision of the Assistant Executive Director in charge of the speech activity, with the aid of the members of the Advisory Committee at the State Festival. No admission fee is charged at the State Festival.

Section 4. DUTIES OF DISTRICT/REGION & STATE COMMITTEES. The committee for each district or region shall be responsible for selecting the contest site, setting the contest date (within the limits prescribed by the SDHSAA), and for obtaining the contest judges. Each district/region committee shall hold a random drawing in advance of the contest before a Notary Public to determine the order of performance for the contest. The copy of the official list for performance order is to be notarized and available for inspection upon request. The SDHSAA Speech Advisory Committee shall assume these functions for the State Festival.

Section 5. CONTEST ENTRY FORM. It is the school's responsibility to submit its contest entry form for the district or region contest (for Class "A" and "B" schools) or the State Festival (for Class "AA" schools) by the entry deadline. All entry forms must be electronically submitted on the SDHSAA website. **Any school whose entry form is not electronically submitted by the due date, will be assessed a \$50.00 late fee.**

Section 6. FLOOR PLAN FOR PLAY TO BE SENT TO CONTEST CHAIRMAN. Class "A" and "B" schools that advance to the State Festival are required to submit a floor plan for their play to the site host. Floor plans do NOT need to be submitted to Region contest chairs.

Section 7. WITHDRAWAL FROM DISTRICT OR REGION CONTEST/STATE FESTIVAL. When a school finds it necessary to WITHDRAW from the district/region contest or the State Festival, notice must be given to the contest chairperson **AND** the SDHSAA Assistant Executive Director. **Notice must be received on or before December 3, 2021.** Failure to supply such notice of withdrawal makes the school responsible for its prorated share of the actual expenses of the contest. If a school finds itself unable to give notice of withdrawal before the deadline because of weather conditions, the illness of contestants, or some other act of God, release from this responsibility may be obtained by filing a report of the circumstances with the Executive Director of the Association.

Section 8. TIME LIMITS.

1. **Region Contests.** The time limit for each play entered in the contest will have a maximum time of 45 minutes to set up, perform and strike the show. Any production that exceeds 45 minutes shall be disqualified and will not be eligible to advance to the State Festival and no one in the cast will be eligible to receive acting awards. The 45-minute time for a production will begin when the cast and crew for the show are given instructions that they can go on stage. At the end of 45 minutes, all set pieces must be off the stage, and the stage must be cleaned and ready for the next production. Under no circumstances shall the "45-Minute Time Rule" be waived.
 - a) At the region level only, groups may be permitted up to 15 minutes of time on stage, prior to their performance time, in order to become acclimated to the stage. No presetting of scenery or lighting will be permitted during this time. This allotted time is to be determined by the contest coordinator and is only permitted on the day of the contest. Prior to the day of the region contest, schools may make arrangements with the host site to rehearse on their stage, if the venue is available.
2. **State Festival.** The SDHSAA Assistant Executive Director responsible for Fine Arts or a designee shall serve as the timekeeper for all State Festival productions. All State Festival productions will have a maximum time of 45 minutes to set up, perform and strike their show. Any production that exceeds 45 minutes shall be disqualified and will not be eligible for receiving "Superior Play" or any individual or ensemble acting awards. The 45-minute time for a production will begin when the cast and crew for the show are given instructions that they can go on stage. At the end of 45 minutes, all set pieces, cast and crewmembers must be off the stage and the stage has been cleaned and ready for the next production.

Section 10. VIDEO TAPING, AUDIO RECORDING AND FLASH PICTURES. Video-recording, audio recording and the use of flash cameras during a performance are prohibited at all levels of competition. The use of flash photography is a distraction to the performers as well as others in the audience.

1. **CHAIRPERSON STIPEND.** The Chairperson for region contests will be paid a stipend of \$50.00 plus \$10.00 for each participating play. The amount of the stipend will be added to each school's contest entry expenses.
2. In region contests the surplus or deficit resulting from the contest shall be pro-rated among the participating schools. The Chairperson's stipend and other expenses of the chairperson shall be considered a part of the contest expenses. The other expenses may include such items as: postage, phone calls, rent of a theatre for the contest (if not held in the host school), and other related expenses for the operation of the contest. Other than the Chairperson's stipend, the expenses should not include personal expenses of the chairperson or committee members. **NOTE:** The Region chairperson is required to provide an itemized accounting of all expenses any time that the expenses exceed \$50.00
3. Any school refusing to pay its share of the expenses of the region contest shall be automatically suspended from the Association, and no member in the Association shall be permitted to compete in any contest where the suspended school is a competitor. Suspension automatically ends with the payment of the obligation.

Section 2. ONE-ACT PLAY PARTICIPATION FEES.

ARTICLE IV – ONE-ACT PLAY PROHIBITIONS

Section 1. COMPLIANCE WITH STATE LAW. All performances must be in compliance with all laws of the State of South Dakota. Failure to comply will result in the forfeiture of all awards by the offending school.

Section 2. POSSESSION, USE, OR BURNING OF TOBACCO PRODUCTS IS PROHIBITED. Play directors are reminded that the South Dakota Codified Laws makes illegal the possession or consumption of tobacco or smokeless tobacco by a minor (under the age of 18) (see-SDCL 26-10-20, SDCL 26-10-21 & SDCL 26-10-23). Also, SDCL 22-36-2 prohibits the burning of tobacco products on stage of a theater if the stage has not been designated as an area for smoking.

Section 3. USE OF REAL FIREARMS ON STAGE IS PROHIBITED. Play directors are also reminded that section 13-32-7 of the school law prohibits the use of firearms (real guns including starter pistols and air guns) on a stage for any reason. There are enough realistic looking replicas and other toy guns on the market to serve as props. (See SDCL 13-32-7).

Section 4. THE USE OF LIVE FLAME OR FIREWORKS WITH ONE-ACT PLAYS. The use of any live flame or fireworks that are ignited either by flame or electrically is prohibited. However, products such as flash cotton, flash paper and snaps are allowed. (Adopted: June, 2009)

Section 5. USE OF THE FLY SYSTEM. Use of the fly system is prohibited at Region Contest and the State Festival.

ARTICLE V – PERFORMERS

Section 1. STUDENT ELIGIBILITY. The SDHSAA Board of Directors determined that "Students in grades 7-12 may participate in region or state SDHSAA One-Act Play activities."

ARTICLE VI-SELECTION OF PLAYS

Section 1. CONTEST PLAYS SELECTED. Plays used in competition may be selected at the discretion of the director. They may be written as one-acts or may be cuttings from longer plays. In choosing the contest play the director should pick a play with literary merit. The play selected should not offend the moral standards of the community nor be in bad taste. Directors will be required to complete the Administrative Verification form and it must be available upon request at region and state competitions.

Directors should be especially sensitive to the creation of scenes which depict situations of questionable taste or involve the use of offensive language, including cursing or profanity. Audiences at contests will be quite diverse and involve varying standards of community acceptance in regards to moral issues.

Article VII, Section 4 creates a penalty for plays that “offend the moral standards of the community” or are in “bad taste.” Judges will be instructed that they are to rate and/or rank a play lower if, in their opinion, the cast did not abide by this regulation.

Section 2. PERFORMANCE RIGHTS AND ROYALTY FEES. It is the responsibility of the local school to secure all rights to perform materials, including payment of royalties and rights to use any music that is performed. Proof of satisfaction of royalty obligations shall be available upon request at all levels of competition. NOTE: The “Proof” can be a photocopy of a performance license, a photocopy of an invoice showing the royalty cost plus a photocopy of the payment check, a photocopy from a play catalogue listing that the play is either free royalty or in the public domain, or if written by an individual other than the director and/or the cast, a statement granting the school permission to perform the play. If the play is written by the director and/or cast this must be clearly noted under the “Authorship” on the entry form.

Section 3. TYPE OF PLAYS. For Class “A” and Class “B” schools, plays of a humorous nature and plays of a serious nature shall be used on an annually rotating basis. Class “AA” schools are able to choose any type of play since they do not have to advance through a region contest where it is beneficial to have all plays of the same type.

Section 4. TECHNICAL LIMITS.

1. Directors are urged to select plays that do not require elaborate sets. The emphasis should be placed on the acting and interpretation of the script, not on how fancy a set can be built. Scenery shall not be judged. Schools are urged to exercise moderation in the design and construction of scenery for contest one-act plays. Scenery and lighting should not be employed which requires an excessive amount of time to set up, nor should scenery be so massive or lighting so complicated as to be unreasonable in the amount of space and time required for its use at the contest.
2. During the region contest and the State Festival, all schools will be given 45 minutes total time to set up, perform and strike their production.
3. At all levels of competition, schools are prohibited from pre-sets of either scenery or lighting on the stage before their allotted time on the stage. Students are permitted to test the lighting board immediately prior to the start of their performance.
4. If schools need the site host to provide a light board operator, they must make this request when submitting the region entry form. If no request is made, it is the school’s responsibility for running lights and sound at all levels of competition.

Section 5. COSTUMES AND PROPERTIES. Costumes and properties may be used as desired. Costumes, personal properties, and unusual stage sets and effects must be provided by the participating schools.

Section 6. USE OF MUSIC. An actor may accompany himself/herself, another actor or actors, on stage with a musical instrument. If some special musical effect is needed on stage in a play, the director should contact the SDHSAA office in Pierre for final approval before using the play in a contest. Schools must obtain permission/licensing from music publishers if recorded, copyrighted music will be used.

ARTICLE VII-JUDGES AND JUDGING

Section 1. SELECTION OF JUDGES FOR DISTRICT AND REGION CONTEST. Judges for district and region contests shall be selected by the committee supervising these contests. Three judges must be used. No person connected with any of the schools represented in the contest shall be selected to serve as a judge.

must have a background or experience sufficient to serve as an effective adjudicator (e.g., judging experience). This pool of judges, once formed, will be rotated through each class and a list of alternate judges will be rotated into the yearly judging pool to allow new judges to enter the pool each year. State Festival judges will be paid out of the funds of the South Dakota High School Activities Association.

Section 3. JUDGE CONDUCT & INTEGRITY. Individuals selected to serve as a One-Act Play Region Contest judge or State Festival judge are expected to maintain the highest standards of ethical conduct and integrity. These standards include:

5. Judges shall direct any questions regarding contest procedure or interpretation of contest regulations to the chairperson and committee conducting the district, region or state contest.
6. Inappropriate conduct by a judge would include direct or implied recruitment of students at the time of the contest (including asking students to consider attending a particular collegiate institution). **NOTE:** This does not prevent follow-up letters and contacts after the contest.

Section 4. JUDGING THE PLAYS.

1. **District/Region Rankings.** In district and region contests, the judges shall rank the plays 1, 2, 3, 4, 5 and all others 6.
2. **State Festival/Ratings.** In the State Festival, the judges shall rate the plays Superior or Not Superior. Any play receiving two superior ratings from the judges always earns a final composite rating of “Superior”. The number of superior ratings awarded for plays is left to the discretion of each judge at the State Festival.
3. **Questionable content of plays.** In district or region contests, judges shall rank the play lower, when in their opinion, the director and/or cast presenting the play have not followed [Article VI, Section 1](#) of the Drama Regulations. At the State Festival, judges shall rate the plays lower when Article VI, Section 1 has not been followed.

Section 5. JUDGING THE PERFORMERS. The judges shall designate those performers who have given a superior acting performance as a “Superior Performer”.

Section 2. ADVANCEMENT TO STATE FESTIVAL.

- 1. The number of Class “A” plays advancing from the region contest to the State Festival will be 2 plays.
- 2. The number of Class “B” plays advancing from the region contest to the State Festival will be 2 plays.

Section 3. COMPOSITE RANKINGS OF PLAYS. Rankings of the judges in district and region contests are to be summarized by the use of the table below. Thus, a play receiving a combination of rankings from the three judges of 2, 2, 3 would be higher than a play that received a 1, 3, 4 ranking. In ranking, position on the table is all important. A combination of rankings on the table is higher than anything to the right, regardless of totals. When the use of the rankings fails to break a tie, then all involved plays with the top rankings shall be permitted to advance.

Use the following table to determine a play’s ranking:
