

Simple Math (0:30)

I've got a math question for you. When you add tolerance, subtract prejudice, and multiply efforts to treat one another with respect. What do you get? Less division.

High school sports have this down to a science. Looking for an example of what can happen when we realized there's more that unites us than divides us? Look no further than high school sports in South Dakota.

This message presented by the South Dakota High School Activities Association and the South Dakota Interscholastic Athletic Administrators Association.
