

FORWARD

This **YEARBOOK** is published annually after the close of the current school year. Its purpose is to serve as an annual report of the Executive Director and to provide a complete review of events sponsored during the year by the Association. All state-wide events in which championships are determined are summarized and listed in the three sections of this book.

The **YEARBOOKS** give a complete summary of the activities of the Association since it was organized in December 1905. This does not mean that a **YEARBOOK** has been published each year since 1905. The first one was published in 1927 and contained a summary of events from the beginning of the organization through the school year 1926-27. Additional **YEARBOOKS** were published in 1934, 1940, 1942, and 1946. Each covered the activities of more than one year. Since 1946 the **YEARBOOK** has been an annual publication.

REVIEW OF SDHSAA EVENTS FOR 2014-15

This volume of the **YEARBOOK** contains complete summaries of the statewide events and business of the SDHSAA for the school year of 2014-15. The annual audit of the Association's finances is not included because of the time of the year, but the audit is published each year in the Annual Meeting Bulletin, which will be issued in mid-April. (This information can be found on the SDHSAA website).

On the next few pages you will find mention of these events, with complete summaries in the proper order later in the book.

Going back to the 1961-62 school year, the Association has been operated as an "Activities Association" and therefore the events mentioned and summarized are for all activities, not only athletics. The boys' athletic summaries are in the first section of the **YEARBOOK**, the girls' athletic summaries are in the second section, and the Student Council, Journalism, Music and Speech summaries are in the third section of the book.

Even though all activities are directed from the central office, these activities could not be effectively administered without the use of committees made up of dedicated people who are interested in seeing that the particular activity goes well. Think of the many tournaments, meets and contests leading up to the state events. They could not be properly administered without the help of the dedicated professional educators at the local level. The Board of Directors, the Executive Director, and the Assistant Executive Directors wish to thank those who have served on the numerous committees.

WHAT IS THE ACTIVITIES ASSOCIATION?

Purpose:

The purpose of the South Dakota High School Activities Association is to direct and coordinate interscholastic activities carried on by the member high schools of South Dakota.

It shall have the duty and obligation to control, coordinate, and direct the operation of the interscholastic activity programs of its member schools. Among these programs shall be those in athletics, speech, music, student council, publications, and such like or related programs of activities as now or hereafter may be organized among member schools.

It shall also attempt to equalize activity opportunity by standardizing qualifications for participants, coaching and directing procedures, and treatment of visiting teams and participants in connection with activities.

SDHSAA Contribution to Athletics:

In the good old days, anybody could play on the high school team, even the coach, principal, or a college athlete on vacation. Age, school status, reason for being in the district, and related factors were nobody's business. When game brawls and community feuds made conditions bad enough, school administrators awoke to the need for organized action. Since that time, not only in South Dakota but throughout the nation, state athletic and activities associations have proved their worth. Every student in every high school in the state is now assured that he or she competes under standards that are the same as those that exist in every other high school that voluntarily agrees to be a member of the SDHSAA.

The SDHSAA has not been developed or dominated by any outside individual or group. Rather it has been created and is being expanded by school people because earlier unfavorable experiences have proved it necessary for the welfare of the school program. The amateur spirit cannot survive pressures, which develop when controls are not provided.

History:

The SDHSAA was organized in 1905 for the purpose of managing and fostering high school athletics on a high plane. At that time a Board of Directors of three members was chosen to administer the affairs of the Association. They were G. E. Muller, Superintendent, Hurley High School; R. L. Kirk, Superintendent, Aberdeen High School; and A. A. McDonald, Superintendent, Sioux Falls High School.

Initial concerns were primarily in track and field. During the ensuing years it became evident that the SDHSAA should assume the initiative for a well-balanced athletic program to meet the needs of all schools and all students desiring to participate in athletics.

In 1923 the Association became a member of the National Federation of State Athletic Associations which now includes all state associations and several Canadian provinces.

Down through the years each non-athletic school activity formed its own organization. In 1961, largely through the efforts of the South Dakota High School Principals' Association, the member schools voted to become an Activities Association. This step merged all of these organizations into one association, which is the present South Dakota High School Activities Association.

Organization:

All memberships are voluntary. Any high school in the state, whether public, private, parochial, or institutional, if accredited by the South Dakota Division of Elementary and Secondary Education,

may become a member of the Association by making formal application that is authorized by its Board of Education and by subscribing to the rules and bylaws of the Association. Membership once attained is continuous, provided the local school board enacts the annual resolution authorizing membership, the annual dues paid, and all other requirements are met.

The governing body of a nonpublic school, approved and accredited by the secretary of the Department of Education, or the North Central Association Commission on Accreditation and School Improvement (NCA CASI), or the Association of Christian Schools International (ACSI), or the Association of Classical and Christian Schools (ACCS), or Christian Schools International (CSI), or National Lutheran School Accreditation (NLSA), or Wisconsin Evangelical Lutheran Synod School Accreditation, may also delegate, on a year to year basis, the control, supervision, and regulation of any high school interscholastic activities to any association which is voluntary and nonprofit if membership in such association is open to all high schools approved and accredited pursuant to this section, including any school that allows participation by students receiving alternative instruction as set forth in § 13-27-3, pursuant to the provisions of this title, and if the constitution, bylaws, and rules of the association are subject to ratification by the school boards of the member public school districts and the governing boards of the member nonpublic schools and include a provision for a proper review procedure and review board.

The legislative body of the Association consists of the entire membership which meets once each year. Each member school has one vote whether the voting is done at the annual meeting or by mail ballot.

The executive body is the Board of Directors, which is made up of nine members. Six of these shall be superintendents, principals, or athletic/activities directors of member schools, two shall be Board of Education members of member schools, and one member shall be a Native American Superintendent, Principal or Athletic/Activity Director from a Native American member school. The Board of Directors meets at least six times each year and is charged with interpreting the Constitution and Bylaws, organizing and directing tournaments and meets, determining penalties and forfeitures for violations of rules, settling disputes, registering sports officials, establishing the state office, and employing an executive director and staff to administer the Association.

DISTINGUISHED SERVICE AWARDS

The South Dakota High School Activities Association established a Distinguished Service Award program in 1976 with the first awards being presented at the State Basketball Tournaments in 1977. Purpose of the program is to recognize outstanding service to the youth of the state through various high school activities programs. Candidates for the award are nominated by the schools with the final selection being made by the Board of Directors. Until 1983-84 the awards fell into three categories: Service through the News Media, Service through School Programs, and Service through Community Support. Effective the 1985-86 school year, the categories were changed to include the following: Administrator, Board of Education Member, Coach, Contributor, Director, and Official. In 2000, the award categories were once again changed to the following: Administrators, Board of Education, Coaches & Directors, Contest Officials, and Contributors. The Distinguished Service Award listing was merged to reflect the categories as adopted in 2000.
