

SPEECH

ORAL INTERPRETATION

The speech program with the largest number of participating schools is the Oral Interpretation Program. Students from participating schools may enter any of seven categories available in the program. The schools are divided into three classes at the State Festival.

Contestants from the Class “B” schools begin competition at the district level. The winners from the Class “B” district contests advance on to a region contest. It is at the regional level that students from Class “A” schools have their initial competition. The winners from the regional level contests go to the State Festival. Class "AA" schools automatically qualify for the State Festival.
