FOREWORD

This Yearbook has been prepared by the South Dakota High School Athletic Association in order that each member school may have a complete record of the events of the Association. The last one was published in 1934 and contained records, etc., up to and including 1927-1934.

In the future we expect to prepare a Yearbook each year and trust that the copies may be saved so that a permanent record will be available in each member school.

We are indebted to the following firms who purchased advertising space in this book; Lowe and Campbell; Fair Play Co.; DuCrafts, Inc.; Webb Carter; and Josten's. We suggest that you favor these firms with any business you may have.

TABLE OF CONTENTS

Foreword	2
Table of Contents.....	3
Officers, Board of Control.....	4
Members, Board of Control.....	5
A. A. McDonald.....	6
Association Officers 1905-1939.....	7-8
Association History.....	9-18
Membership List.....	18-20
SDHSAA Rules and Regulations.....	20-36
Questions and Answers on SDHSAA Rules and Regulations.....	37-57
Index to Rules and Regulations.....	58-64
National Federation Officers.....	65
National Federation Eligibility Requirements.....	66-67
National Federation Member States.....	67-68
Athletic Accident Benefit Plan.....	68-74
 BASKETBALL	
State Champions and Runners-up 1912-1939.....	75
State Tournament Participants 1916-1939.....	76-79
State Tournaments 1935-1939.....	80-102

1938-39	H. R. Woodward, Hot Springs....	C. L. Eskelson, McIntosh	R. E. Rawlins, Pierre.....	C. C. Jacobson, Canton	J. W. Deacon, White

Starting July 1, 1937 R. M. Walseth was appointed Executive Secretary of the Association with office in the Department of Public Instruction, State House, Pierre, South Dakota.

HISTORY OF THE SOUTH DAKOTA HIGH SCHOOL ATHLETIC ASSOCIATION

At a meeting of the Superintendents and Principals held at Brookings, December, 29, 1905, the South Dakota High School Athletic Association was formed and rules and regulations were adopted. Supt. G. E. Muller of Hurley, Supt. R. L. Kirk of Aberdeen and Supt. A. A. McDonald of Sioux Falls, were elected members of the Board of Control to serve one, two and three years respectively. The annual membership fee was \$1.00; age limit of contestants twenty years; and three studies the scholarship requirement. The first state athletic contest sponsored by this Association was the State Track and Field Meet held at Sioux Falls, in May, 1906.

Annual Meeting, Sioux Falls, December 28, 1906. Supt. R. C. Shallenbarger of Yankton was elected a member of the Board of Control to serve three years. Amendments to the rules were adopted including raising the age limit to twenty-one years; increasing the number of studies from three to four; and prohibiting eighth grade students to compete on high school track teams but allowed on other teams at the discretion of the Board of Control.

Annual Meeting, Watertown, January 1, 1908. Mr. Kirk was elected a member of the Board of Control for a three year term. Arrangements were made to allow Black Hills schools to affiliate with the South Dakota High School Athletic Association. On January 16, 1908, Mr. McDonald turned over the work of Secretary to Mr. Kirk of Aberdeen, and assumed the position of Chairman of the Board of Control, which he held continuously until his death in 1937.

Annual Meeting, Aberdeen, December 31, 1908. Mr. McDonald was reelected a member of the Board of Control. A rule requiring an annual report was adopted though records do not indicate the rule was complied with. The Secretary's report gave the following schools as members at that time: Aberdeen, Alexandria, Beresford, Brookings, Canton, Centerville, Conde, Deadwood, Flandreau, Groton, Huron, Lead, Madison, Mitchell, Parker, Pierre, Platte, Sioux Falls, Tyndall, Vermillion, Wakonda, Watertown, and Yankton. All of these schools are members of the Association at this time.

At a meeting of the Board of Control at Vermillion, May 22, 1909, Mr. Kirk resigned as member of the Board and Supt. J. E. Byers of Vermillion was appointed to fill the vacancy. About September 1, 1909, Supt. Shallenbarger of Yankton resigned as a member of the Board and Principal O. O. Young of Huron was appointed to fill the vacancy.

Annual Meeting, Lead, November 2, 1909. The appointments of Supt. J. R. Byers and Principal O. O. Young were confirmed. The two-mile event at the track meets was discontinued.

Annual Meeting, Huron, November 6, 1910. Supt. J. H. Byers was reelected to succeed himself. A track Meet entry fee of \$2.00 was adopted. It was decided to discontinue the declamatory work in connection with the athletics and to place it in the hands of a special committee to have charge of the organization of this work and the 1911 Declamatory Contest. The State Declamatory Contests had previously been held in connection with the State Meet. Supt. O. Schlaifer, Vermillion, Chairman, Supt. J. H. Johnson, Aberdeen, and Principal H. Neinhuis of Lead, composed the committee in charge of the declamatory organization.

Annual Meeting, Pierre, November 28, 1911. Mr. McDonald was reelected a member of the Board of Control. Communication from Huron College asking for a basketball tournament under Association auspices at Huron during March, 1912, and guaranteeing all expenses for eight contestants was accepted. The sending of the winners of the State Meet to the Inter-State Meet at Minneapolis was recommended.

Annual Meeting, Mitchell, November 26, 1912. Supt. T. A. Harmon of Yankton was elected a member of the Board of Control to succeed Mr. Byers.

Annual Meeting, Sioux Falls, November 25, 1913. Principal J. F. Pinkerton of Huron was elected a member of the Board of Control to succeed O. O. Young who had accepted a position in the State Department of Public Instruction. The Secretary reported that the winners of the 1913 State Meet had been sent to the Stagg Meet and the Board was authorized to continue this practice.

Annual Meeting, Deadwood, October 22, 1914. Mr. McDonald was reelected a member of the Board of Control. The Secretary reported that the Association had been unable to defray the expenses of the team to the Stagg Meet, and that the expenses of those who attended were met by their respective schools.

Annual Meeting, Aberdeen, November 23, 1915. Principal R. E. Rawlins of Pierre was elected a member of the Board of Control to succeed Mr. Harmon. Many changes were made in the rules and regulations. These included a new annual report rule and a penalty for failure to file such report; eligibility certificate required; participation limited to students in ninth, tenth, eleventh, and twelfth grades, except schools having a total enrollment of not more than seventy-five

could use seventh and eighth grade pupils except in track and field contests. The Secretary reported that the Association had defrayed the expenses of the 1915 State Track Meet winners to the Stagg Meet.

Annual Meeting, Watertown, November 28, 1916. Supt. R. B. Irons of Rapid City elected a member of the Board of Control to succeed Mr. Pinkerton. The Association took over the control of the Huron College Invitational Tournament at the request of the Huron College and an entrance fee of \$1.00 was required. Expenses of contestants to the Stagg Meet were limited to those who tied or broke records at State High School Track and Field Meets. This was later changed to only those who broke records.

Annual Meeting, Sioux Falls, November 24, 1917. Supt. McDonald was reelected a member of the Board of Control. The Board was instructed to district the state for basketball tournaments and only district winners be allowed to compete at the state tournament. The membership of about fifty-five schools was divided into seven districts.

There was no Annual Meeting in 1918 as the South Dakota Educational Association convention was postponed one year on account of the Influenza epidemic, and the enforced closing of the schools in many communities. Chairman A. A. McDonald appointed R. E. Rawlins of Pierre, to remain as Secretary-Treasurer until the next annual meeting. The 1919 Stagg Meet was held too early for the South Dakota contestants, so three entrants were sent to the Interstate Meet at Minneapolis, on May 24, 1919. The membership was divided into 8 districts for the 1919 basketball tournaments.

Annual Meeting, Mitchell, November 25, 1919. Mr. Rawlins was reelected and Supt. F. A. Henderson was elected a member of the Board of Control to succeed Supt. Irons. A rule was adopted allowing eighth grade students who were under sixteen years of age and enrolled in schools whose total enrollment was less than seventy-five to participate in football without such participation counting as a year of high school athletics.

Board of Control Meeting, Huron, March 19 1920. Voted to eliminate the Hammer Throw from meet events and the order of events for state meets was adopted. In September, 1920, Supt. C. S. Hall of Belle Fourche was appointed to fill the vacancy on the Board of Control caused by Supt. Henderson leaving the state.

Annual Meeting, Huron, November 21, 1921. Mr. Rawlins was reelected a member of the Board of Control. Medical examination requirement adopted. Javelin Throw added to list of track events. Pro-

vision authorizing the Board to appoint a committee to decide the football championship adopted. Board of Control authorized to increase number of districts up to sixteen. Ten districts were made for the 1922 tournaments.

Annual Meeting, Pierre, November 27, 1922. Supt. C. S. Hall re-elected a member of the Board of Control. Board was authorized to take steps for this Association to join the National Federation of State High School Athletic Associations. At a meeting of the Board of Control, November 28, 1922, Mr. Hall was appointed Secretary-Treasurer to take the place of Mr. Rawlins who resigned from the position but retained his place as a member of the Board. The Board decided to make sixteen districts for the 1923 tournaments and meets.

Annual Meeting, Watertown, November 27, 1923, Mr. McDonald was re-elected a member of the Board of Control. Amendments included the fifteen hour scholarship requirement; "migratory" student rule; annual dues based on enrollment and no other fees; half mile relay count for points at track meets; and other minor changes.

The expenses of Yankton High School, 1924 South Dakota High School Basketball Champions, were defrayed to the National Tournament at Chicago. This practice was followed until 1929.

Annual Meeting, November 25, 1924, Sioux Falls. Mr. Rawlins was re-elected a member of the Board of Control. Several amendments to the basketball and track meet regulations were adopted.

Annual Meeting, Mitchell, November 24, 1925. Principal Rob't. W. Skinner of Rapid City elected to succeed Mr. Hall who had been appointed State High School Inspector. Amendment adopted to include baseball participation by eighth grade students under sixteen years in a high school whose total enrollment was less than seventy-five, as not counting as year of high school participation.

During the spring of 1926, at the instructions of the members of the Association, Principal L. M. Fort, Mitchell, Supt. O. B. Phillips, Tyndall, Supt. P. D. Selby, Ipswich and Supt. E. P. Voss, Clark were appointed to serve with the Board of Control as a committee to submit a suggested revision of the rules of the Association at the next annual meeting.

Annual Meeting, Sioux Falls, November 23, 1926, Supt. McDonald re-elected a member of the Board of Control. The suggested revised Constitution, with some amendments, was adopted to go into effect September 1, 1927.

The Board of Control adopted the district-region plan for the 1927

tournaments and meets. The membership was divided into 8 regions; and each region, except one, was divided into four districts. The 4 district winners competed at the regional contests; and the eight regional winners at the state contest. 352 schools were members of the Association during 1926.

Annual Meeting held at Aberdeen, November 22, 1927. It was voted to eliminate district meets and to count five places at the regional and state track and field meets. Uniform standardized trophies were adopted for the district, regional and state basketball tournaments and for the regional and state meets. Mr. Rawlins was reelected a member of the Board of Control. The first State High School Tennis and Golf Tournaments were held at Brookings in May, 1928.

Annual Meeting held at Mitchell, November 27, 1928. A number of provisions in regard to the participation of seventh and eighth grade students were adopted so as to provide for Junior high school athletics. Rob't. W. Skinner was reelected as a member of the Board of Control.

It was voted to have each district be represented by two schools in the regional basketball tournaments, namely the district winners to be designated as "Class A" and the runners-up "Class B". The winners of the eight regional tournaments would compete at the state tournament, as in previous years. This plan was used only the one year and was not the plan recommended by the State Advisory Committee composed of Supt. E. F. Voss of Clark; Supt. H. A. R. Indall of Garretson; Principal C. H. Rogge of DeSmet; Supt. R. A. Knapp of Presho; Supt. O. B. Phillips of Tyndall; and Principal O. D. Dunbar of Haron.

Annual Meeting held at Rapid City, November 26, 1929. It was voted to require each member school to keep a permanent athletic record book, the binder and yearly filler to be furnished at cost by the Association. Supt. A. A. McDonald was reelected as a member of the Board of Control. Supt. F. E. Conner of Belle Fourche was elected to the Board of Control to serve the balance of the unexpired term of Rob't. W. Skinner who had left the state.

For the 1929 basketball tournaments, two regional tournaments were held in each region, one for the district champions or "Class A" teams, and one for the district runners-up or "Class B" teams. Separate "A" and "B" state tournament were held for the winners of the "A" and "B" regional tournaments respectively, the "A" State Tournament winner being the state champion.

Since the National Federation of State High School Athletic As-

sociation, of which Federation the State High School Athletic Association is a member, had decided to approve no further National Inter-scholastic Basketball Tournaments, it was decided to discontinue the practice of sending the South Dakota high school champions to the National Tournaments or to send representatives to the Stagg Meets.

Annual Meeting held at Sioux Falls, November 25, 1930. Mr. Rawlins was reelected as a member of the Board of Control. Numerous minor changes were made in the rules and regulations. It was decided to return to the original plan of district, regional and state basketball tournaments as used prior to 1929 and to have no divisions in any of these tournaments.

The 1930 State Advisory Committee was composed of a representative from each of the eight regions and was made up of the following school officials: Supt. E. F. Voss, Clark; Prin. E. H. Korstad of Mobridge; Supt. J. E. Martin of Brookings; Supt. S. Van Voorhis of Redfield; Supt. E. L. Bersagel of Wakonda; Supt. R. H. Bunt of Kimball; Supt. John Bullock of Armour; and Supt. H. R. Woodward of Hot Springs.

Annual Meeting held at Mitchell, November 33, 1931. The draw for place for the 1932 State Basketball Tournament was made at the Annual Meeting. Several changes were made in the rules including the provisions for voting for members of the Board of Control by secret ballots and the prohibiting of athletic relations with non-member South Dakota public schools. Mr. McDonald was presented with an electric clock in appreciation of his twenty-five years' service on the Board of Control. Mr. Conner was reelected as a member of the Board of Control.

The members of the 1931 State Advisory Committee were Supt. E. F. Voss of Clark; Supt. D. W. Davis of Timber Lake; Supt. J. E. Martin of Brookings; Prin. O. D. Dunbar of Huron; Supt. E. L. Bersagel of Wakonda; Supt. R. H. Bunt of Kimball; Supt. C. A. Beaver of Yankton; and Supt. H. R. Woodward of Hot Springs.

Annual Meeting held at Rapid City, November 22, 1932. Several clarifying amendments were adopted in regard to the rule providing for athletic residence transfer certificates; the Mile Relay was added to the list of events for the 1933 meets; and it was voted to continue the football throw as a field event. (This event had been adopted for the 1932 meet in place of the javelin throw which was discontinued.) A new order of events for regional and state meets was adopted. The Board of Control was instructed to manage and conduct the state

basketball tournament or make such arrangements for the tournament as the Board deemed advisable. However, on account of the uncertain financial conditions no change was made in the management of the tournament but arrangements were made for the Association to receive a larger share of the net proceeds should they have exceeded \$1400.00. Mr. A. A. McDonald was reelected as a member of the Board of Control. The Flandreau Indian High School was made eligible for membership.

The members of the 1933 State Advisory Committee were Supt. E. F. Voe of Clark; Supt. C. L. Eskelson of McIntosh; Supt. J. E. Martin of Brookings; Supt. S. Van Voorhis of Redfield; Supt. E. L. Bersage of Wakonda; Supt. R. H. Bunt of Kimball; Supt. J. W. Poynter of Winner; and Supt. H. R. Woodward of Hot Springs.

Annual Meeting held at Sioux Falls, November 28, 1933. The Pine Ridge Indian School was made eligible for membership. The rules were amended to allow a four-year trained osteopath to make the physical examination as well as a doctor of medicine; and to change the rule in regard to leaving school during a semester to definitely provide for only two reasons which would allow a student to be eligible upon his return. Changes in the Track and Field Meet regulations which were approved were those allowing each school to enter not more than three men in each event in a regional meet; that only four places count for points in the regional and state meets with places counting five, three, two, and one, respectively; and that teams be placed in the state relay heats according to the times made in these events in the regional meets. Supt. R. E. Rawlins of Pierre was reelected as a member of the Board of Control for a period of three years.

The members of the 1933 State Advisory Committee were Supt. E. F. Voss of Clark; Supt. E. A. Poole of McLaughlin; Supt. J. E. Martin of Brookings; Supt. H. A. R. Indall of Highmore; Supt. C. C. Jacobson of Canton; Supt. R. H. Bunt of Kimball; Supt. Q. L. Wright of Gregory; and Supt. H. R. Woodward of Hot Springs.

Delegates from 162 member schools attended the Annual meeting held at Huron, November 27, 1934. The Rosebud Community High School was admitted to membership in the Association. Supt. R. M. Walsoeth, Ipawich, was elected to membership on the Board of Control.

At the Annual meeting at Mitchell, November 26, 1935, 163 schools had delegates in attendance. Membership on the Board of Control was increased from three to five with the proviso that one member is to

be from a town the population of which is under 1000, and one member of the Board of Control be an athletic coach.

Drastic changes were made in the basketball set-up for the tournaments beginning in 1936. The following plan was agreed upon: Two state championships to be decided, one "A" and "B". The "A" schools to be those with an enrollment of 300 or more, all other schools to be "B" schools. The "B" schools to follow the District and Region plan of the immediate past, the eight region winners to compete for the State "B" Championship.

Entrance to the "A" state tournament to be as follows: The five high ranking teams of the Eastern South Dakota Conference by the Dickinson rating at the end of the season to enter the State "A" tournament without further competition. The three other teams to enter the state tournament to be the winners of the three Sectional tournaments. The "A" schools for 1938 were Sioux Falls, Aberdeen, Haron, Mitchell, Watertown, Brookings, Yankton, Rapid City, Lead Hot Springs, Madison, Flandreau Indian, Pierre, Winner and Milbank. The seven first named were members of the Eastern South Dakota Conference.

Supt. A. A. McDonald was elected to succeed himself for a five year term on the Board of Control, Supt. H. R. Woodward, Hot Springs was elected for a four year term and Coach R. E. Coffey, Brookings, for a three year term.

The 1938 annual meeting was held November 24 at Rapid City with 89 schools represented. The Pierre Indian School and the Cheyenne Indian school were admitted to the Association.

The method of conducting the voting of the Association was changed. Amendments properly submitted as per rules of the Association in the future to be voted on by means of referendum ballots instead of by the vote of the delegates at the Annual meetings. Officers of the Board of Control to be nominated from the floor at the annual meeting but voted on by mailed ballots furnished by the Association. The age limit for athletes was reduced from twenty-one years to twenty years of age. Supt. R. E. Rawlins was reelected to membership on the Board of Control. Since the Association had grown to such an extent that a member of the Board of Control acting as Secretary could no longer do the work necessary, the Board of Control decided to engage a full time Secretary to handle the affairs of the Association. Beginning July first 1937 R. M. Walseth assumed this position with offices in the Department of Public Instruction at Pierre.

In the early fall of 1937 Supt. A. A. McDonald, Sioux Falls passed

away following a long illness. Mr. McDonald had been a member of the Board of Control since the beginning of the South Dakota High School Athletic Association in 1905 until his death. His passing was a great blow to the Association as he was untiring in his efforts to build an organization for the betterment of high school athletics.

138 schools were represented at the Annual meeting of the Association at Mitchell November 23, 1937. Since this meeting was the first annual meeting following the passage of the referendum ballot the proposed amendments were discussed and all failed by referendum vote following the meeting. C. C. Jacobson was elected to membership on the Board of Control, to fill the unexpired term of A. A. McDonald, deceased. C. L. Eskelson was also elected to membership on the Board of Control to succeed R. M. Walseth, resigned.

Mr. P. F. Neverman, Executive Secretary of the Wisconsin Interscholastic Athletic Association was secured to address the group attending the annual meeting.

The 1938 annual meeting of the Association was held at Mitchell November 22, with 138 schools represented. The Basketball plan for the "A" group was changed by committee recommendation. Allowing the four high teams from the Eastern S. D. Conference to enter the State "A" tournament, the remaining four to qualify as follows: the two high ranking teams in the Black Hills Conference and the winning team between Flandreau Indian and Madison and between Winner and Pierre. All teams to enter by seasons play.

Mr. C. W. Whitten, Secretary of the National Federation addressed the group. Amendments passing with the necessary two thirds majority by referendum vote were to allow football practice not earlier than Aug. 24, unless school is actually in session. An eight semester rule was passed, not fully effective until 1941-42. Amendments to the Constitution will go into effect July first. Ten-man basketball squads were made permissible for all District, Regional and State Tournaments. Coach J. W. Deacon was elected to succeed Coach R. E. Coffey, resigned, for a five year term on the Board of control.

The 1939 annual meeting of the Association was held at Mitchell, Sept. 30. Since the meeting of the SDEA was changed to alternate years and no general meeting was held during 1939 the membership voted to hold the annual meeting of the SDHSAA at Mitchell Sept. 30. Since the basketball plan as proposed for 1939 "A" tournament was not acceptable. Certain schools refused to participate in the 1939 State "A" tournament and the sixteen largest schools were given an opportunity of

meeting and setting up a plan. The plan proposed and which was approved by the delegates and which will be used for the 1940 "A" tournament is as follows: The sixteen largest schools to be "A" schools, these to be placed into four regions according to location, elimination tournaments to be held in each region and the winners to compete in a four team state "A" tournament. The schools to be grouped as follows: Northeast Region: Aberdeen, Watertown, Brookings, Flandreau Indians. Southeast Region: Sioux Falls, Yankton, Madison, Canton. Central Region: Huron, Mitchell, Winner, Pierre. Western Region: Rapid City, Lead, Hot Springs and Sturgis. At the time this book was published the result of the referendum vote was not available. (Ballots are counted January 2.) Supt. R. V. Huskins, Lead, was the only nominee to membership on the Board of Control to succeed Supt. H. R. Woodward who did not wish to be a nominee for reelection.

Membership List

December 31, 1939

Article IX, Sec. 3. No contest shall be held with any school not a member of this Association without the permission of the Board of Control. PERMISSION SHALL NOT BE GRANTED TO A MEMBER SCHOOL TO HAVE ATHLETIC RELATIONS WITH ANY NON-MEMBER SOUTH DAKOTA PUBLIC HIGH SCHOOL.

(Any school that has not joined or paid its annual dues on or before Feb. 1, 1940 is not eligible to compete in the tournaments for the current year.)

SOUTH DAKOTA HIGH SCHOOL ATHLETIC ASSOCIATION

September 1, 1939

ARTICLE I

NAME

This Association shall be known as the South Dakota High School Athletic Association.

ARTICLE II

OBJECT

The purpose of this organization of South Dakota Public High Schools is to promote high school athletics, to stimulate fair play and by means of rules and regulations equalize athletic opportunity by standardizing qualifications of contestants, coaching, treatment of visiting teams, and generally to promote the athletic welfare of member high schools.

ARTICLE III

MEMBERSHIP

Section 1. Membership in this Association shall be limited to public schools of this state and to the University High School of the University of South Dakota, the Eastern High School of the Eastern State Teachers' College, the Plandreau Indian High School, the Ogalala Indian Boarding School, the Rosbud Community High School, the Pierre Indian School and the Cheyenne Indian School.

Section 2. Any eligible high school of this state becomes a member of this Association by its principal subscribing to the rules and regulations of this Association and the payment of the initial membership fee of 3.00, which shall entitle the school to compete in tournaments, contests, and track meets of the Association.

Note 1. Schools seeking membership after January 1, 1927, shall submit evidence (e. g., a resolution) showing an approval of the Rules

and Regulations of the South Dakota High School Athletic Association and of the application for membership by the local Board of Education.

Note 2. For amount of annual dues in subsequent years see Art. VII, Section 2.

Note 3. In these rules and regulations the word principal shall be interpreted to mean principal of the high school or superintendent of schools.

Section 3. A school may be expelled from this Association by a two-thirds vote of the schools represented at a regular annual meeting, and when so expelled it shall not be re-instated except by a two-thirds vote at a regular annual meeting.

ARTICLE IV OFFICERS

Section 1. A Board of Control composed of five members shall be elected one each year, by the Association. One of the five members to be an athletic coach and the other four may be either superintendents or principals, at least one to be elected from towns of less than 1000 population. At the annual meeting of 1935, three members shall be elected one for five years, one for four years, and one for three years. After that members will be elected for a term of five years, term beginning July 1st following date of election.

Section 2. The officers of the Board of Control shall consist of chairman, vice chairman and a secretary-treasurer. These officers shall be elected from the Board of Control by the members of that Board at its first meeting after July 1st following the regular annual meeting.

Section 3. The Secretary-Treasurer shall give such bond as may be fixed by the Board of Control, the premium for which shall be paid from the funds of the Association.

Section 4. Any officer in this Association who severs his connection with the eligible high schools of the state shall thereby lose what office he may hold in this Association.

Section 5. The officers of this Association are hereby authorized to exercise all powers and duties expressed or implied in this constitution.

ARTICLE V MEETINGS

Section 1. The time and place of the regular annual meeting shall be that of the South Dakota Educational Association except that a different time and place may be determined by the Board of Control

upon the approval of the majority of the member schools by means of a referendum vote.

Section 2. In the transaction of business of the State Association, each member school shall have one vote. Nominations for members of the Board of Control shall be made at the annual meeting. Members of the Board of Control shall be elected, and amendments to this constitution shall be adopted by referendum vote of all members by ballots mailed within ten days following the annual meeting. The Board of Control shall provide for proper referendum ballots and brief but pertinent arguments for and against amendments submitted. All referendum votes must be in the hands of the executive secretary of the Board of Control not later than midnight, December 31.

Section 3. Member schools shall be represented at the meetings by the principal of the school or his duly authorized faculty representative.

Section 4. Representatives from ten (10) schools shall constitute a quorum at any regular annual meeting of this Association.

ARTICLE VI ADMINISTRATION

Section 1. The Board of Control shall have general charge of the affairs of the Association. Three members of the Board of Control shall constitute a quorum for the transaction of business.

Section 2. The Board of Control shall have the power to fill any vacancies which may occur, by the appointment of officers to serve until the next annual meeting of the Association.

Section 3. The Board of Control shall have general supervision over all athletic contests between members of the Association and shall make arrangements for and have charge of all state and district tournaments and meets. At least two members of the Board of Control shall be represented at all state championship contests.

Section 4. The Board of Control may divide the state into districts or divisions and appoint committees to have charge of district or division tournaments and meets.

Section 5. The Board of Control may standardize awards for state, district or division contests.

Section 6. The Board of Control shall interpret the rules of this Association.

Section 7. The Board of Control shall gather data concerning the eligibility of contestants, receive complaints and make rulings on protests.

Note 1. Specific cases in which names of schools and students are submitted—not hypothetical cases—will be considered by the board.

Section 8. The Board of Control shall have power to suspend and discipline members and to declare ineligible, athletes representing members.

Section 9. The Board of Control shall determine the penalty for violation of the rules of the Association where not otherwise provided.

Section 10. The Board of Control shall have power to investigate of its own volition.

Section 11. After each annual referendum vote, it shall be the duty of the Board of Control to make changes necessary to harmonize the rules and regulations with new amendments and to correct grammatical errors as long as the intent of the rule is not changed.

Section 12. The Board of Control shall have the power to register officials.

ARTICLE VII

FUNDS

Section 1. The Board of Control shall determine all necessary expenditures of money.

Section 2. The calendar year shall be the Association membership year. The annual dues of each member shall be on a basis of not more than five cents per pupil enrolled in said school the previous year, the minimum fee to be three dollars; maximum fee, twenty-five dollars, payable January first in advance. Members failing to pay dues shall forfeit membership and re-instatement shall be made only by signing of the membership pledge and the payment of these dues.

Note 1. The enrollment figures shall be based on the high school enrollment figures listed in the previous year's High School Directory compiled by the State Department of Public Instruction.

Section 3. The Board of Control shall present a full report of official business and a complete financial statement to the Association at the Annual Meeting and the accounts of the Board shall have been audited by a certified accountant.

ARTICLE VIII

LOCAL CONTROL

Section 1. The principal of the school or his authorized faculty representative shall be the official representative of the school. In all matters pertaining to the athletic relations of his school he shall be responsible to the State Association.

Section 2. No contest shall be arranged with any team without the sanction of the principal.

.. **Note 1.** The Board of Control wishes to urge the advisability of the principal's acting as manager. In case another is authorized to act, all letters, contracts, receipts and documents of every kind passing between schools should be endorsed by the principal and no money should be paid out or obligations incurred without his knowledge and consent. A strict observance of these suggestions will save trouble and misunderstandings.

Note 2. All games shall be contracted for on the Official Association Contract Blanks. These blanks are furnished by the Association to all members upon application to the Secretary.

Section 3. Coaches who are not regularly certified teachers employed by the Board of Education for full time or who receive remuneration for high school coaching from any source other than the Association member employing them are prohibited.

Note 1. The intent of this rule is to keep the entire management of school athletics in the hands of school authorities. It does not preclude the acceptance of help from interested alumni or patrons of the school so long as such persons do not receive any remuneration for this help and so long as the head coach is a recognized member of the school faculty.

Section 4. The principal or duly authorized faculty representative shall accompany the teams to all the games and contests.

Section 5. Whenever the principal or the board of education makes local rules supplementary to but not inconsistent with the rules of this Association, the principal has the authority to exclude a contestant for violation of the local rules. The power of the principal to exclude in such cases is absolute and will not be reviewed by the Board of Control.

Section 6. Pre-season training in football under the direction of a coach prior to August 24 unless a school is actually in session is prohibited.

Note 1. This has reference to training during the summer months and does not prohibit any form of athletics during the regular school year.

Section 7. It shall be the duty of the Superintendent or principal of each school belonging to the South Dakota High School Athletic Association to submit annually to the Secretary of the Board of Control on or before the last day of school upon an official blank,

provided for that purpose, the name, date of birth, number of years of participation, and previous schools of participation of every student who has engaged in interscholastic athletics during that school year. Penalty for failing to file such report shall be forfeiture of membership in the Association. Reinstatement to be made only upon filing such a report and the payment of an additional fee of three dollars (\$3.00).

Section 8. No Association school shall be allowed to have athletic relations with any school which has failed to file its annual report until such report is filed.

Section 9. Each school must keep in the permanent record book provided at cost by the Board of Control a complete record of the participation of each student together with such data as may be required by the Board of Control. Failure to keep this record will result in the forfeiture of membership.

A school which has failed to pay for the permanent record book by January first following receipt of same shall lose its membership. For succeeding years the payment for the yearly filler shall be made at the same time as the annual dues and non-payment of same shall result in loss of membership.

ARTICLE IX PROVISIONS GOVERNING CONTESTS

Section 1. Not more than ten days and not less than five days prior to the contest each principal of the competing schools shall submit, upon an official blank, provided for that purpose, one to the other, a list of the players qualified to represent his school and shall certify to such qualifications over his signature as follows: (1) Place and date of certificate; (2) Name of principal addressed; (3) The following students are eligible to represent this High School in the.....game to be played at.....on (date).....; (4) Names of contestants; (5) Date of birth of each contestant; (6) Date of enrollment; (7) Number of full and regular studies carried successfully last semester by each contestant; (8) Number of full and regular studies carried successfully this semester to date, by each contestant; (9) Number of years in high school athletics previous to this of each contestant; (10) Date of medical examination; (11) Name of school if previous experience in another school. No student not eligible five days before the contest can later become eligible for that contest.

Interpretation. The Board of Control has interpreted the words

"days" used in this section to refer to calendar days rather than school "days."

Note 1. Eligibility lists shall be submitted upon the Official Association Eligibility Blanks. These blanks are furnished by this Association to all members upon application to the Secretary.

Section 2. Each school represented in an athletic contest shall have present throughout the contest a duly accredited faculty representative who shall be responsible to the principal of his school for the conduct of his team and the persons from his school.

Section 3. No contest shall be held with any school not a member of this Association without the permission of the Board of Control. Permission shall not be granted to a member school to have athletic relations with any non-member South Dakota public high school.

Section 4. Members of this Association in all contests, whether with members of the Association or not, must comply with these rules. These rules shall not be waived by agreement or otherwise.

Section 5. No sweater, jersey, trophy or other award exceeding one dollar in value shall be given by any member of this Association for athletic participation. Any school violating this rule shall be subject to discipline. Any student who accepts a sweater, jersey or other award exceeding one dollar in value shall be ineligible for any further interscholastic contests under the jurisdiction of this Association. This section shall not be construed to prohibit contestants from receiving medals or awards for placing in Association sanctioned athletic contests, meets or tournaments where more than two teams compete provided such medals or awards are the ones regularly offered by the organization sponsoring the contest, meet or tournament.

Note 1. The penalties provided for in this section shall apply when the athlete accepts the award, exceeding one dollar in value, from any club or organization, proceeds of a dance given for the purpose or raising money for sweaters, or through the aid of any school officer and through school help of any kind. The penalties shall not apply when the award is purchased and presented by the athlete's parents; or purchased by the athlete with money earned or secured through his own efforts.

Section 6. A school competing in or connected with any athletic contest, meet or tournament not sanctioned by the Board of Control shall be liable to discipline. All sanctioned contests, tournaments

and meets shall be listed in the Association column in the South Dakota Educational Journal.

Note 1. Upon request the Secretary will furnish information and approval blanks to schools or organizations wishing to sponsor sanctioned athletic contests, meets or tournaments. --

Note 2. In conformity with the instructions given at the 1926 Annual Meeting, the Board of Control approves no girls' basketball tournaments.

Note 3. All inter-state tournaments and meets must be approved by the secretary of the National Federation of State High School Athletics Associations; and all entries to such tournaments and meets must have the sanction of the secretary of the State High School Athletic Association. This is required by the rules of the National Federation of State High School Athletic Associations.

Section 7. All football gridirons shall be inclosed by a wire fence with ample room between the side lines of the playing field and the fence and only players, officials and coaches shall be permitted inside the inclosure.

Section 8. The home team in any contest shall be held responsible for the treatment of visitors including officials, while in the city; visiting schools will be held responsible for the conduct of visitors. Any infraction of the spirit of this rule may subject a school to discipline by the Board of Control.

Section 9. No contest shall be played with a school under expulsion or suspension. Violation of this rule shall be sufficient grounds for suspension.

Section 10. Expenses shall be allowed for sixteen men including the principal or his representative for a football team and a proportionate number for baseball, basketball and track teams; or schols may mutually agree on a specified money contract.

Section 11. There shall be no attempt to determine the state high school football championship and no team shall schedule games in order to determine such state championship.

ARTICLE X ELIGIBILITY OF PLAYERS

To represent a school in this Association in any athletic contest a student must be eligible under the following rules:

Section 1. He shall not have reached his twentieth birthday. Each candidate for a team shall sign a statement giving the day,

month and year of his birth. This statement shall be taken as a legitimate basis for the principals' certificate of eligibility.

Note 1. A student becomes ineligible for any further interscholastic athletic participation upon his twentieth birthday.

Section 2. No student shall compete in any branch of athletics who has been enrolled in grades nine to twelve more than eight semesters, nor may any student compete in more than four seasons of any sport, except as provided in Article X Section 3, Note 1 (Seventh and eighth grade rule.) Attendance for fifteen days or participation in a contest shall constitute a semester's attendance.

Note 1. The above Article effective as described: During the school year of 1938-39 ninth grade students would be affected; ninth and tenth grade students in 1939-1940; ninth, tenth and eleventh grade students in 1940-1941, and all students thereafter.

(Ruling. It has been held that participation on teams representing non-Association schools offering work of secondary rank shall count as "years" of athletic participation for any student who later enrolls in an Association school.)

Section 3. All contestants shall be bona-fide members of the school in good standing and are limited to ninth, tenth, eleventh and twelfth grades: no student classified below the regular ninth grade is eligible to take part in any interscholastic high school contest except as provided for in this section.

Seventh and eighth grade students may take part in high school athletic contests provided they are under sixteen years of age, have made passing grades in at least three-fourths of the hour's work required by the regular course during the previous semester and are doing likewise for the current semester, and fulfill all other requirements of this Association. Seventh grade students shall have completed the work of the first six grades of the elementary school by the close of the previous semester.

Note 1. Participation by seventh and eighth grade students shall not count as years of athletic participation. This note shall be interpreted to include students now in school who participated in interscholastic athletics while in the seventh and eighth grades and were under sixteen years of age at the time of such participation.

Note 2. A seventh and eighth grade student becomes ineligible for any interscholastic athletic competition upon his sixteenth birthday and remains ineligible until he has successfully completed at least

three-fourths of the regular studies of the eighth grade and is enrolled in at least three full and regular ninth grade subjects.

Note 3. School systems having separate junior and senior high school organizations which sponsor junior high school interscholastic athletic competition shall not allow any student enrolled in the junior high school to represent the senior high school in athletic competition.

Section 4. All contestants shall have successfully completed at least fifteen hours of high school work per week (as approved for graduation in accredited schools by the State High School Inspector) the preceding semester and shall have done passing work in at least fifteen hours of high school work from the beginning of the current semester up to the time the certificate of eligibility is given.

Note 1. The requirements for studies of the preceding semester shall apply to studies in a former school in case of a student coming from another high school.

Note 2. Previous semester shall be the last preceding semester in which the student was in attendance at any secondary school.

Note 3. The record at the end of a semester shall be final. Deficiencies in one semester may not be made up in a subsequent semester or during summer school for qualification purposes that semester; "incomplete" or "conditioned" at the end of a semester counts as a failure.

The "Summer Project" in Smith-Hughes Agriculture will be considered an exception to this rule. Since the requirements do not allow for its completion before the close of the summer months, this subject will be considered as "complete" for athletic purposes if all other requirements are met by the close of the regular school year and the project has been kept up-to-date at the time eligibility is required.

Note 4. For the purpose of determining athletic eligibility, the first semester shall be considered to end at midnight, Saturday of the last week of the semester.

(**Ruling.** A student who has been ineligible during the first semester and who becomes eligible for second semester competition cannot be included on an eligibility list before midnight of Saturday of the last week of the semester, and since the eligibility list must under Article IX, Section 1 be submitted at least five days before a contest, such a student cannot compete earlier than midnight of the following Thursday.)

Note 5. Fifteen hours shall be three subjects of at least five forty-minute recitations per week, the preparation of which has taken as much or more time. In all subjects requiring no outside preparation it

shall mean five recitations per week at least eighty minutes in length.

Section 5. No student shall be eligible to compete in any Association contest who is a graduate of a regular four-year high school or who is a graduate of a secondary school which has the same requirements for graduation as a regular four-year high school or who has had fifteen units on any regular graduation date and has been in attendance eight semesters, or who has fulfilled graduation requirements at the end of the first semester in a high school which has regular mid-year promotions.

Note 1. A student graduating on the last day of the first semester would be eligible to compete even though the diploma was presented to him earlier in the day or week. His actual school attendance does not end until midnight of the last day of the semester. If any second semester ends before any sanctioned meet is held, graduating seniors are eligible to compete as though the school were in session.

Section 6. No student who has ever participated in athletics in any institution of learning higher than secondary rank shall be eligible to play under the rules of this Association.

Section 7. No student shall be eligible to play in any association contest who has not been enrolled as a regular student not later than the beginning of the sixteenth school day of the current semester.

(Ruling. The Board of Control has no authority to waive this rule regardless of the reason for the late enrollment.)

Section 8. No student shall be eligible for the remainder of the semester, if his school connection shall have lapsed for a period of more than ten consecutive days (disabling illness of self or death in the immediate family excepted.)

Section 9. A student shall be an amateur, one who has never used and is not now using his knowledge of athletics or his athletic skill for gain.

Note 1. A paid player or one who uses his athletic skill for gain is interpreted as one who receives money in excess of the amount necessary to cover actual hotel bills and actual fares or transportation. The acceptance of money for coaching, athletic instruction or for officiating will bar from South Dakota High School Athletic competition.

(Ruling. The Board of Control has ruled that until the Board is instructed otherwise by the Association it will hold that a paid player is one who receives in excess of reimbursement of the actual amount spent for his personal lodgings and meals and a single round trip rail-

road or licensed bus fare unless transportation is actually secured for a less amount. Acceptance of money for any other item, including equipment, or any allowance for the expenses of a coach or "second" shall be considered as receiving money in excess of personal expenses.)

Section 10. A student shall always have contested under his own name.

Section 11. In case a student is obliged to leave school within a semester because of serious personal illness or death in the immediate family, he shall not be debarred from eligibility on his return during the same or later semester if he was fulfilling the requirements of scholarship at the time he left school provided in the case of a student leaving school because of illness, an affidavit by the attending physician shall be filed with the Board of Control, certifying that such illness was of such severity as to prevent the student from attending school for the balance of the semester.

(Interpretation. Any student leaving school during a semester for any cause other than specifically provided for in this section is not eligible upon his return to school during the same or later semester. Absence from school is not considered as leaving school, and a student who has been absent would not be eligible upon his return to school until he has made up the work missed and secured passing grades in three full and regular subjects from the beginning of the semester, provided his period of absence was not more than ten consecutive school days, unless due to disabling illness of self or death in the immediate family.)

Section 12. Any student who shall change secondary school systems except upon change of residence of parent or legal guardian shall be ineligible to compete in athletics in the school of the place to which he has removed for a period of thirty-six weeks or one school year unless a certificate as provided for in Note 1 is filed with the secretary of the Board of Control.

Note 1. A certificate signed by the principal of the school left for the current year, on a blank furnished by the Board of Control must be filed with the Secretary and shall certify that the school left feels that the change of school systems is not being made for athletic reasons, that no outside influence was used to cause the student to leave the first school; and that the first school is willing that the student represent the second school in athletic competition.

The Board of Control shall have the power to nullify an athletic residence transfer certificate if it is found that influence was used to

cause the student to change schools or that the change was for athletic reasons.

(The Board of Control was instructed to rule that an out-of-state student who is not eligible for athletics under the rules of his own state high school athletic association, is not eligible for athletics in South Dakota high schools unless his parents have actually moved to this state.)

Note 2. A student who has completed the full course of a one, two or three year high school and a certificate to that effect from the principal of the school which he has left has been filed with the Secretary of the Board of Control shall have an athletic residence in the school of his choice.

Note 3. This section shall not be interpreted to bar any student from having an athletic residence in the school district in which his parents reside except that a change between two accredited high school systems in the same school district shall be considered the same as a change of schools in two different districts.

Note 4. This section shall not be interpreted to include students who change from a non-accredited to an accredited high school.

Note 5. In case the parents of a student move within or into a non-high school district the pupil shall become eligible in the school of his choice immediately if at the beginning of a semester or after establishing his residence by one month's attendance if within a semester.

Note 6. For the purpose of this rule guardianships will not be recognized when either parent is living and legally competent.

Section 13. After a pupil has become a member of a squad he shall not take part in a contest on an independent team in the same sport until his squad has closed its season for that sport. This shall include all time between the opening of school in the fall and the closing of school in the spring including holidays and vacations. A pupil may play on an independent team during the summer vacation or when not a member of the high school squad. This section shall be interpreted retro-actively.

Note 1. Being a member of a team shall be construed as taking part in a regularly scheduled game where admission is charged and spectators admitted.

Note 2. This section shall not affect students who are members of the state championship team of the South Dakota American Legion

Baseball League who may compete in American Legion elimination contests after the opening of school in the fall.

(Ruling. The Board of Control has ruled that the "season" in any sport shall include the entire school year. Therefore any student who after becoming a member of the baseball squad for the fall schedule plays on an independent team is ineligible for the balance of that school year. The same would be true of any sport which has both fall and spring schedules, such as baseball, tennis, golf, etc.)

Section 14. No student shall be allowed on the field of play during an interscholastic contest in the athletic uniform of his school if he is not eligible.

Section 15. Every student participating in interscholastic contests whether held in or out of the state must be able to qualify for such participation under the rules and regulations of the South Dakota High School Athletic Association without regard to any other requirements. In interstate athletic contests the rules of the National Federation of State High School Athletic Associations shall have precedence over those of this Association in case of conflicts.

Section 16. Enrollment in a school for a period of fifteen days or competition in one or more interscholastic contests shall be considered enrollment for a semester under these rules.

Section 17. Any student going from one secondary school to another must have filed with the principal of the second school a certificate, upon an official blank provided for that purpose, from the principal of the school left, showing his eligibility under the athletic rules before being allowed to compete in any contest.

Section 18. Each school year all candidates for membership on any high school athletic team shall have their parents' consent to compete and shall be certified by a duly-licensed doctor of medicine or a duly licensed four-year trained osteopath, upon official blanks provided for these purposes, previous to competition on any high school athletic team. A column shall be provided on the official eligibility blank for the date of such examination, which date shall be required when eligibility lists are submitted by the school officials.

ARTICLE XI VIOLATIONS

Section 1. Any violation of the rules of this Association shall render the school offending liable to suspension by the Board of Control.

Section 2. Charges against any school for violating the rules

of this Association, violation of the spirit of fair play and good sportsmanship or violation of its athletic contract shall be filed in writing with the Secretary. The Secretary shall, within five days of receipt of charges, submit copies of the charges to each of the members of the Board of Control and the offending school. Written answer to the charges shall be made to the Secretary by the school against which charges have been preferred within ten days of the date of the Secretary's notification. Such answer shall be transmitted to each member of the Board of Control who shall send to the Secretary his decision as soon as all evidence is filed. A majority of such decisions shall decide the case and the Secretary shall then announce the action of the Board of Control to both schools concerned. Provided however, that if the Board of Control thinks best a hearing may be held after giving notice of time and place to both schools concerned. No suspension shall be for a longer time than one year.

Section 3. In case of complaints against schools for violation of the rules, the Board of Control may suspend for one year any school whose case is represented by lawyers or delegations of any sort other than bona fide school officials.

Section 4. It shall be considered dishonorable and contrary to good sportsmanship to withhold evidence against any player or any school longer than five days without presenting same to the principal or superintendent of the school concerned or the Secretary of the Board of Control.

Section 5. No school shall fail to meet a regularly scheduled game without receiving at least one week in advance permission from the Board of Control to cancel the contract; such permission being mailed simultaneously by the Board of Control to both schools concerned. Any school failing to meet a game without receiving this permission from the Board of Control shall be barred from school competition in inter-school series, games and contests for one year and the game cancelled shall be considered forfeited by the school cancelling the contract. Provided, however, that the two schools may mutually cancel a game.

Note 1. The Board of Control shall give no consideration to protested contests where the official association contract blanks were not used, or if the plaintiff has failed to comply with the regulations of the association governing interscholastic contests.

Section 6. Any student in any school belonging to this associ-

ation may be barred from participating in athletic contests for violation of any of the rules of this association.

Section 7. The Board of Control shall have power to reinstate any student who has been suspended from participation in athletic contests on account of infraction of any of the rules and regulations of the association, if in the opinion of the Board, the infraction was committed through ignorance. Such reinstatement may take place after one year's suspension.

ARTICLE XII AUTHORITY

Section 1. The rules outlined in the official handbook of the Intercollegiate Association of Amateur Athletics of America shall govern the track and field athletics of this association, except that the order and number of events shall be determined by the Board of Control.

Section 2. In Basketball the Official Basketball Rules adopted by Joint Basketball Committee shall govern. In football the Rules adopted by the Football Committee of the National Federation of State High School Athletic Associations shall govern. In Baseball and other contests the official rules shall govern. In all girls' basketball games, Spalding's Girls Basketball Rules shall be strictly adhered to.

Section 3. In all matters not herein determined the Board of Control shall have absolute authority until the next regular annual meeting.

Section 4. The rules of this Association shall apply to all forms of athletics and interscholastic athletic contests maintained by the schools of the Association.

Section 5. All amendments go into effect July 1 following the annual meeting at which the change was made.

Section 6. An authorized South Dakota High School Athletic Association column shall be published in the issues of the South Dakota Educational Association Journal.

Section 7. These rules and regulations may be amended by a two-thirds vote of all member schools voting, provided such amendment shall have been submitted to the executive secretary of the Board of Control in sufficient time that copies of each proposed amendment may be sent to all members of the Association at least thirty days previous to the regular annual meeting.

RESOLUTION ADOPTED NOVEMBER 23, 1926

At the 1926 annual meeting of this Association it was moved seconded and passed that the Association recommend that the Board of Control do not sanction any basketball tournaments for girls.

NATIONAL FEDERATION OF STATE HIGH SCHOOLS ATHLETIC ASSOCIATIONS

The South Dakota High School Athletic Association is a member of the National Federation of State High School Athletic Associations and has duly subscribed to the rules and regulations of that body. The function of that organization is to regulate all interstate high school athletic contests of all kinds. This Association is by vote of its members committed to the enforcement of these rules and regulations. The annual meeting of the National Federation is held at the time of the annual meeting of the Department of Superintendence in February. The present officers are:

President—E. R. Stevens, Independence, Kansas.

Secretary-Treasurer—C. W. Whitten, 11 South LaSalle street, Chicago, Illinois.

QUESTIONS AND ANSWERS

(Compiled from decisions of the Board of Control)

MEMBERSHIP

1. Question. What schools are eligible for membership in the South Dakota High School Athletic Association?

Answer. Any South Dakota public high school, the University High School of the University of South Dakota, the Eastern High School of the Eastern State Teachers' College, the Flandreau Indian High School, the Oglala Indian Boarding School, the Rosebud Community High School, the Cheyenne Indian School and the Pierre Indian School are eligible for membership in the SDHSAA.

2. Q. May parochial high schools, Indian schools or any type of private school become a member of the SDHSAA?

A. No, except as provided for under Question 1.

3. Q. How may an eligible school become a member?

A. Any eligible school may become a member by showing an approval of the Rules and Regulations of the SDHSAA by the signing of the membership pledge by the local Board of Education and the high school principal, and by paying the initial fee of three dollars (\$3.00).

4. Q. What does a school receive for its SDHSAA membership fee?

A. It is entitled to have athletic relations with other Association schools, to compete in Association tournaments and meets, to compete in other approved tournaments and meets, to become a member of an athletic conference with other Association schools, to be furnished with official blanks, rule books and bulletins, and to secure information and decisions in regard to athletic questions.

ADMINISTRATION

5. Q. Who has general charge of the affairs of the SDHSAA?

A. The executive secretary, acting as the administrative officer under the direction of the Board of Control composed of five members elected by the members of the Association at annual meetings.

6. Q. Does the Board of Control have power to make, amend or waive a rule of this Association?

A. No. The Board of Control has power only to "interpret" the rules of this Association. Rules are made, amended or deleted at the annual meetings of this Association. The Board of Control does have the power to suspend and discipline member schools for violations of the Rules and to rule on the eligibility of athletes representing

member schools. In all matters not covered by the rules, the Board has absolute authority until the next annual meeting.

FUNDS

7. Q. When are annual dues payable?

A. On or before January first of each year, as the calendar year, not the school year, is the Association membership year.

8. Q. Are annual dues based on the enrollment for the current school year?

A. No. Annual dues are based on the enrollment figures listed in the High School Directory for the previous year. That is the 1940 dues are based on the figures listed in the 1938-1939 High School Directory.

9. Q. Are the annual dues based on exactly five cents per pupil?

A. The annual dues are not more than five cents per pupil, with a minimum of three dollars and a maximum of twenty-five dollars. At the 1927 Annual Meeting, the following schedule, proposed by the Board of Control, was adopted:

SCHEDULE OF DUES

Enrollment	Dues	Enrollment	Dues	Enrollment	Dues
0-69	\$3.00	120-129	\$6.00	190-199	\$9.50
70-79	3.50	130-139	6.50	200-249	10.00
80-89	4.00	140-149	7.00	250-399	12.50
90-99	4.50	150-159	7.50	400-499	15.00
100-109	5.00	160-169	8.00	500-599	17.50
110-119	5.50	170-179	8.50	600 & over	20.00
		180-189	9.00		

10. Q. What are the dues of the SDHSAA for membership in the National Federation of State High School Athletic Associations?

A. The National Federation's dues are twenty-five cents for each thousand pupils enrolled in all SDHSAA schools. The 1933-40 dues paid were \$9.50. There were 38,000 students enrolled in all of the member schools.

11. Q. How are the funds of the SDHSAA invested?

A. In registered U. S. Government bonds, U. S. Land Bank bonds, U. S. Treasurer notes, State bonds, and the funds for running expenses are in the Pierre National Bank.

12. Q. Who audits the financial records of the SDHSAA?

A. An annual audit is made by a certified public accountant. The complete report of the auditor is printed in the November Bulletin which is distributed to the members.

LOCAL CONTROL

13. Q. Who is the responsible party in a SDHSAA school?

A. The principal of the school is responsible to the State Association for all matters pertaining to the athletic relations of his school. He may delegate this authority to a faculty representative but the principal will be held responsible to the SDHSAA.

14. Q. To whom may the word "principal" refer?

A. To the high school principal or the superintendent of schools.

15. Q. Who are the proper officials to sign game contracts?

A. The high school principal and the faculty manager.

16. Q. May student managers contract for athletic contests?

A. No. No contest shall be contracted for except by the principal or his authorized faculty representative.

17. Q. How may Official contract blanks be secured?

A. By writing the Executive Secretary's office.

18. Q. Shall official contracts be used for all inter-school contests or only for first team contests?

A. Official contract blanks shall be used for all inter-school athletic contests.

19. Q. May games be scheduled without written contracts and the games called "practice games"?

A. No. Official contracts must be used for all inter-school contests.

20. Q. Shall official contracts be used for contests with non-member teams?

A. Yes. Official contracts shall be used by Association schools for all inter-school contests. For out-of-state contests, official inter-state contract blanks may be secured from the Executive Secretary's Office.

21. Q. If contracts specify that a first team shall participate, can a second team be used?

A. No, unless the contract is changed by mutual agreement.

22. Q. If game contracts do not clearly specify first or second team, what team is understood as competing?

A. The first team. It is recommended that contracts specify the ranking of the team.

23. Q. If game contracts do not definitely specify whether an afternoon or an evening game of football is to be played, what time is understood?

A. An afternoon game is understood. It is recommended that contracts definitely specify if an evening game is to be played.

24. Q. May a party not connected with the school act as assistant coach?

A. Yes, under certain conditions, provided that the head coach is a regularly certified teacher employed for full time by his Board of Education; provided that the principal or his authorized faculty representative be the official representative of the school and be responsible in all matters pertaining to the athletic relations of the school; provided that the principal is responsible for the arrangements and contracts for all contests; and provided that the principal or his authorized faculty representative accompany the team to all contests and be present throughout these contests. An assistant coach not connected with the school could receive no remuneration of any sort, either directly or indirectly, for his work.

25. Q. What is considered as remuneration for such an assistant coach?

A. The acceptance either directly or indirectly of any money, traveling expenses, gifts, etc., from any source for such coaching services would be considered as receiving remuneration.

26. Q. Who may coach a high school team?

A. Any regularly certified teacher in an Association school's system, either high school or grades, who is regularly employed for full time as such by the Board of Education of that school district and who receives no remuneration for his educational or coaching work, either directly or indirectly, from any source other than the school district employing him, may qualify as the high school coach.

27. Q. May men coach girls in athletic games?

A. This is a matter for local jurisdiction since the SDHSAA does not have any rule covering this matter. It is recommended that women coaches be employed for girls.

28. Q. Is a principal's authority to exclude a contestant for the violation of a local rule, final?

A. Yes, unless the local rule violates an Association rule.

29. Q. Are the local requirements of SDHSAA schools for the awarding of letters for athletic competition final?

A. Yes. The Association has no rule covering this point, except the award must not exceed one dollar in value.

30. Q. Does the SDHSAA have a rule regarding the use of tobacco?

A. No. This matter properly belongs to the local officials.

31. Q. May the rules of a local school be changed or special examinations be given in order to make students eligible?

A. The SDHSAA expects its members to observe not only the letter but the spirit of its rules and regulations. Athletes should be under the same school rules as non-athletes.

32. Q. May a married student be considered eligible?

A. As far as the SDHSAA is concerned a married student is on the same basis as any other student. A school might make a local rule on this matter.

33. Q. May a school have football practice under the direction of a coach prior to August 24?

A. No, not unless the school is actually in session at that time.

34. Q. When shall annual reports be filed?

A. Annual reports shall be filed with the Executive Secretary on or before the last day of the school year of the local school.

35. Q. Where may annual report blanks be secured?

A. A supply of official annual report blanks is included in the annual permanent record book fillers sent to each member school in September. Any member school not receiving this filler should notify the Executive Secretary's office.

36. Q. Is the Executive Secretary's office responsible for supplying annual report blanks or for notifying school officials of the date of filing the annual report?

A. No. The responsibility of securing official annual report blanks and filing such report is that of the local principal. Failure to file the annual report on account of not receiving blanks is not a valid excuse for waiving the reinstatement fee of three dollars.

37. Q. Is the reinstatement fee waived if the annual report is not filed at the time required and all of the executive officials of the schools are changed during the following year?

A. No. There is no provision for the waiving of the reinstatement fee under this or any other condition, when the annual report has not been filed at the time required.

38. Q. Are Association schools barred from having athletic relations with a school delinquent in its annual report, only for the following year or until the report is filed?

A. Until the report is filed.

PROVISIONS GOVERNING CONTESTS

39. Q. How may eligibility blanks be secured?

A. By writing the Executive Secretary's office.

40. Q. When shall eligibility lists be sent?

A. Not more than ten calendar days and not later than five calendar days prior to a contest.

41. Q. To whom shall eligibility lists be sent?

A. To the Principal of each school or the manager of each independent team with which an Association school has athletic relations.

42. Q. May a student not eligible at the time of filing the eligibility list five days before the contest later become eligible for that contest?

A. No. Only students eligible at the time of filing the eligibility list five days prior to the contest and included on that list can compete in that contest.

43. Q. May a student whose case is pending with the Board of Control at the time of filing eligibility list be included on that list?

A. Yes. Such a student may be included with the notation that his case is pending before the Board of Control. If the decision of eligibility is secured prior to the contest, the student may compete; otherwise he is ineligible for that contest.

44. Q. Does a student who is scholastically eligible for a contest at the time of sending the eligibility list, but who becomes scholastically ineligible after that time, but prior to the contest, remain scholastically eligible for that contest?

A. Yes. Such a student's eligibility from a scholastic standpoint is based on his record at the time of filing the eligibility list five days before the contest and not on his scholastic record at the time of the contest. This answer is based on the assumption that the eligibility list is not sent in earlier than 10 days and not later than 5 days prior to the contest. If sent earlier than 10 days, a student might become scholastically ineligible for the contest.

45. Q. Is it necessary to secure permission from the Board of Control to have athletic relations with independent teams?

A. According to the literal wording of the rule, it is only necessary to secure permission for contests with non-Association schools but according to the spirit of the rule and the usual custom of the member schools, permission should be secured for any athletic contest with a non-Association team.

46. Q. May member schools schedule contests with out-of-state schools or teams?

A. Upon application permission will be granted by the Board of Control for single contests with out-of-state schools in good standing in their own state athletic associations or with schools not eligible for such membership. Permission will not be granted for contests with out-of-state schools under suspension or expulsion from their state associations.

47. Q. May permission be secured to have athletic relations with non-Association South Dakota public high schools?

A. No. Such permission cannot be granted. A South Dakota public high school must become a member of this Association in order to have any athletic relations with Association schools.

48. Q. May member schools secure permission to play against South Dakota non-public high schools, Indian schools, colleges and independent teams?

A. Yes. Permission may be secured to play against such teams in single games, but not in tournaments or meets. In all athletic relations with non-Association teams the member schools must abide by all Association rules and regulations. Non-Association teams are not required to comply with SDHSAA rules.

49. Q. May an Association school have athletic relations with an independent team composed partly of or entirely of students enrolled in a suspended High School?

A. No. To allow Association schools to have athletic relations with such a team would be contrary to the intent of the Association rules.

50. Q. In case one school has an insufficient number of eligible contestants, may ineligible contestants be used if agreeable to the opposing team?

A. No. All contestants must be eligible. The Association rules make no exception.

51. Q. In case a school has an insufficient number of eligible contestants, may eligible contestants from the opposing school make up the deficiency?

A. No. A contestant must be a bona fide student in the school which he represents.

52. Q. May ineligible students be used against non-Association teams?

A. No. All contestants representing an Association school in

athletic competition must fulfill all Association requirements, regardless of whether or not the opposing team represents an Association School.

53. Q. May ineligible schools be used on other than first teams?

A. No. All contestants representing an Association School in athletic competition must fulfill all Association requirements, whether or not it is first team competition.

54. Q. May two or more high schools combine to form one athletic team?

A. No. Students must be bona fide members of the schools which they represent in athletic competition, therefore a combination team cannot be allowed whether in contests with an Association school or not.

55. Q. May a High School schedule and play games during the week?

A. The SDHSAA has no ruling in regard to this matter. The North Central Association of Secondary Schools recommends that its member schools have no interscholastic athletic contests scheduled on a night preceding a school day.

56. Q. What prizes or awards may be given by a member school to its athletic contestants?

A. Only such prizes or awards as may be of not more than one dollar value.

57. Q. May an Association school give sweaters or other awards of more than one dollar in value, for athletic participation to graduating athletes.

A. No. The Rules provide that such action shall subject a school to discipline.

58. Q. May an Association school give awards of more than one dollar value, for intra-school athletic competition?

A. No. Both the school giving such awards and the students receiving them would be guilty of a violation of the Association rule.

59. Q. May a school allow students to use their cars for transportation for athletic teams, receiving only gas and oil, and the money saved over usual transportation charges be used to buy sweaters or other awards for individual athlete's ownership?

A. No. Such action would result in the school being subject to discipline and the students would be ineligible.

60. Q. Is it permissible for a school or its athletes or any organization or individual or individuals to sponsor special shows or other

entertainments for the purpose of raising funds to purchase sweaters for high school athletes?

A. No. Such a procedure is a violation of Article X, Section 5.

61. Q. May Association schools give awards of more than one dollar in value to athletes, the awards being based on scholarship, sportsmanship, conduct, etc?

A. No. Since these awards would be limited to athletes, they are in violation of the Association rule. General awards based on scholarship, sportsmanship, conduct, etc., may be given where there is no consideration of athletic competition or ability.

62. Q. May students, either athletes or non-athletes, secure magazine subscriptions or raise funds in other ways for the purchase of sweaters for athletes?

A. No. Such methods are contrary to the intent of the rule.

63. Q. May a student accept an award of more than one dollar in value for athletic competition on an independent team?

A. No. Awards of more than one dollar in value, for athletic competition can only be accepted at tournaments or meets sponsored by or sanctioned by this Association.

64. Q. May a student accept an award of more than one dollar from several sources whether or not connected with the school and use the sum to purchase a medal or other award of more than one dollar in value?

A. No, for two reasons. First the acceptance of any amount of money violates an athlete's amateur standing. Second, the purchase of any award of more than one dollar in value from funds secured in such a manner renders the athlete ineligible, as it is contrary to the intent of the rule. If such funds were given by the school directly or indirectly the school would be liable to discipline.

65. Q. May a school pay one dollar towards the cost of an award and the athlete or his parents pay the balance?

A. No, for then the athlete would receive an award of more than one dollar in value. The idea is that awards for athletic competition shall be such as shall have no monetary value.

66. Q. What awards may be accepted by an athlete?

A. Only such awards as may be of not more than one dollar in value unless given by the management of a tournament, meet or other athletic event sponsored or approved by the Board of Control or the National Federation of State High School Athletic Association.

67. Q. Is there any legitimate way in which an athlete can secure an honor or school sweater?

A. Only when bought by his parents from their usual source of income or through the usual means of securing his other clothing.

68. Q. Does the SDHSAA allow girls' inter-school athletic contests?

A. Such contests are not prohibited by this Association but the matter is left entirely to the local schools. The North Central Association of Secondary Schools does recommend that its member schools do not participate in any form of girls' inter-scholastic basketball games or tournaments.

69. Q. Are girls' basketball teams allowed to compete in tournaments?

A. No. The Board of Control has been instructed to approve no girl's basketball tournaments.

70. Q. May a girls' basketball exhibition game be held in connection with a boys' basketball tournament?

A. No. One of the requirements of approval for a boys' basketball tournament is that a girls' game shall not be held in connection with it.

71. Q. Does the Board of Control approve girls' tennis tournaments or track meets?

A. No. The Board of Control approves no girls' tournaments or meets where more than two schools are competing.

ELIGIBILITY OF PLAYERS

72. Q. When is a high school student ineligible on account of age?

A. A high school student becomes ineligible for any athletic competition on his twentieth birthday and therefore cannot compete on or after that date.

73. Q. When is a seventh or eighth grade student ineligible for high school athletics on account of age?

A. A seventh or eighth grade student becomes ineligible for any high school athletic competition on his sixteenth birthday and therefore cannot compete in high school athletics on or after that date, until he becomes a high school student.

74. Q. What is considered as a high school student?

A. A regularly enrolled student who carries as much as fifteen hours of regular high school work.

75. Q. Is a student who is included on the eligibility list for a

game but becomes twenty years of age on or before the day of the game, eligible for that game?

A. No. He becomes ineligible for any athletic competition on his twentieth birthday.

76. Q. What shall be taken as the basis for a student's date of birth?

A. His signed statement (given in good faith) giving the day, month and year of his birth shall be taken as the basis until evidence or suspicion to the contrary is found.

77. Q. Where can blanks for such statements be secured?

A. By writing to the Executive Secretary's Office.

78. Q. In case of doubt, what is considered proof of age?

A. Following evidence in order named.

(1) Birth certificate

(2) Affidavit of attending physician

(3) Baptismal certificate

(4) Documentary evidence such as family record of birth in Bible, certificate of arrival in the United States, a passport, or life insurance policy of at least a few years' standing.

(5) Public school records, school, state or national census records.

(6) Affidavit of parent or guardian.

79. Q. What action should be taken in case an over-age or any other ineligible student is unknowingly allowed to compete?

A. The school should inform the Board of Control immediately upon the discovery of the infraction and all evidence and school records bearing on the case should be submitted to the Executive Secretary.

80. Q. Is a student who enters the ninth grade at the beginning of the second semester, takes part in inter-school athletics that semester and during the three following school years, eligible during the first semester of the next year, this being his eighth semester?

A. No. Such a student has had four 'years' of high school athletics at the close of his seventh semester in high school and is ineligible after that time.

81. Q. What students are effected by the 8 semester rule?

A. Only 9th and 10th grade students in the school years of 1939-1940. In 1940-41, 9-10-11th grade students and in 1941-42, all students.

82. Q. Does participation on the State Training School teams

count as "years" of high school athletics for a student who may later attend an Association school?

A. Yes. Since the State Training School offers work of secondary rank, participation on its athletic teams would therefore count.

83. Q. Does participation on the teams representing private, high schools, Indian schools or any non-Association secondary school count for a student who may later attend an Association school?

A. Yes, if the school offers work of secondary rank. The participation counts on the same basis as participation at an Association school.

84. Q. Is an eligible player who is intentionally or unintentionally allowed to compete during all or part of an athletic contest, credited with a "year" of athletics?

A. Yes. Any student who plays during all or any part of an athletic contest on a team representing a school offering work of secondary rank is credited with a "year" of athletic participation for that school year regardless of the fact that the student may not play another game that school year.

85. Q. May a student who is taking part of his work at a private high school and part at a public high school represent the public high school in athletic competition?

A. No, unless the subjects being carried at the public high school will fulfill all of the eligibility requirements for the current semester. None of the work being carried at the private high school can be used for eligibility purposes under any conditions, and the student could not represent both schools in athletics.

86. Q. May a private high school student who takes physical training at a public high school represent the public high school in inter-school athletic competition?

A. No. A student must be a bona-fide student of the school which he represents in athletic competition and must successfully carry at least fifteen hours of full and regular work at the school.

87. Q. Is a student under suspension from a school at the time of a contest eligible for that contest?

A. No. A student under suspension at the time of a contest is not eligible for that contest, even though he may have been included on the eligibility list for that contest, as he is not a member of the school in good standing, as required in Article X, Section 3. The same is true of any student not in good standing for any other reason.

88. Q. May seventh and eighth grade students compete in high school athletics in any Association school?

A. Yes, Seventh and eighth grade students who can fulfill all Association requirements may take part in any high school athletics while under sixteen years of age.

89. Q. Does participation by a seventh or eighth grade student count as "years" of high school participation?

A. No, Participation in high school athletics by seventh and eighth grade students under sixteen years of age does not count. Participation in high school athletics by seventh or eighth grade students sixteen years of age or over is not allowable under any condition.

90. Q. May a student enrolled in a junior high school play on the teams of the senior high school of the same system?

A. Yes, provided the junior high school does not sponsor a separate program of junior high school inter-school athletic competition.

91. Q. What students do the SDHSAA rules cover?

A. Students, both boys and girls, in 9, 10, 11 and 12 grades of school work, and those in the 7 and 8 grades who may compete on high school teams while under sixteen years of age.

92. Q. Does the SDHSAA have any jurisdiction over strictly grade athletic competition?

A. No, except for the seventh and eighth grade students mentioned in previous question.

93. Q. Shall seventh and eighth grade athletes be included on the annual reports?

A. All seventh and eighth grade students who take part in high school inter-school competition shall be included on the annual report but not credited with a "year" of participation.

94. Q. Does participation by a seventh or eighth grade student at a non-Association school count as "years" of athletic competition if he later enrolls at an Association school?

A. Any high school competition by a seventh or eighth grade student while under sixteen years of age would not count. Competition in high school athletics by a seventh or eighth grade student while sixteen years of age or over would count if he later enrolled at an Association school.

95. Q. Is a student eligible for a contest if he has successfully carried three full and regular subjects during the week previous to the contest?

A. Not necessarily. A student shall have made passing grades in each of three full and regular subjects from the beginning of the semester up to the time the certificate of eligibility is given, without any reference to the time the particular student may have been enrolled for that semester.

96. Q. What is considered as a passing grade?

A. The passing grade of the local school attended by the student. The SDHSAA has no rule covering this question.

97. Q. May a student who is ineligible for athletic competition during the first semester but becomes eligible for the second semester take part in a contest immediately at the close of the first semester?

A. No. A student cannot be included on an eligibility list until he fulfills eligibility requirements. Such a student could therefore not actually compete until at least five days after the close of the first semester. The first semester shall be considered as ending at midnight, Saturday of the last week of the semester.

98. Q. What constitutes the previous semester?

A. The previous semester for a student is the last semester in which he was enrolled in any school for at least fifteen school days or the last semester in which he took part in an inter-school athletic contest.

99. Q. Is a student who carries three regular high school subjects and one or more eighth grade subjects considered a high school student?

A. Yes. A student who carries fifteen hours of regular high school work is a high school student.

100. Q. Are the same standards of eligibility required for intra-school games as for inter-school games?

A. No. The requirements for intra-school games are those set by the local school officials. The requirements for inter-school games are those of this Association.

101. Q. Is a student who becomes ineligible on account of scholarship at the end of a semester, ineligible for the entire following semester?

A. Yes. Deficiencies of one semester cannot be made up in a later semester for athletic eligibility purposes.

102. Q. Is a student who is suspended or expelled from high school during a semester and who does not finish the semester, ineligible his next semester?

A. Yes. Such a student is ineligible during all of his next semester since his record for the previous semester is "incomplete."

103. Q. May a student who has a semester's passing grade in a subject repeat that semester's work during a later semester and use it for eligibility purposes?

A. No. A passing grade for a semester can only be used once for eligibility purposes.

104. Q. Shall the record on the report card or the permanent school record be official?

A. In case of discrepancy the permanent school record would have precedence over the report card unless there was reason to doubt its accuracy.

105. Q. May a student who has fifteen units at the close of the first semester take part in athletic competition during the second semester?

A. Yes, provided his school does not have regular graduation at the close of the first semester and provided he carries three full and regular subjects during the second semester and fulfills all other Association requirements.

106. Q. Is a student who has at least fifteen units towards graduation on a regular graduation date and who has been in attendance at least eight semesters, but who takes no part in the exercises or does not receive his diploma, eligible for further competition?

A. No. Any student who has any fifteen units towards graduation and who has been in attendance at least eight semesters, or who fulfills graduation requirements of his school on a regular graduation date is considered a graduate even though he takes no part in the graduating exercises or does not receive a diploma. Any other ruling could easily result in a violation of the intent of the rules.

107. Q. Is a student who graduates from a four-year high school or its equivalent and later enters another school whose graduation requirements he does not meet, eligible?

A. No. Such a student is a post-graduate and ineligible.

108. Q. Is a student who does not meet the graduation requirements of his school but who is allowed to participate in the exercises and receive a diploma, eligible for further competition?

A. No. Such a student would be considered as a graduate and ineligible for athletic competition even if the diploma was blank or was returned. In public opinion such a student graduated and to allow

him to later take part in athletic competition would give the impression that a post-graduate is allowed to compete.

109. Q. Is a student who enrolled before the morning of the sixteenth school day of a semester but who does not attend classes until after that date, eligible during that semester?

A. No. It has been ruled that the date of enrollment for a semester shall be the actual date of regular entry in the classes.

110. Q. Is a student who violates his amateur standing in one sport, ineligible for all high school sports?

A. Yes. A professional in one sport is ineligible for all high school sports.

111. Q. Is a student who has played on an independent team which accepted a money prize or shared gate receipts permanently ineligible for high school athletics?

A. No, provided the student accepts none of the money either directly or indirectly. That is as far as the SDHSAA rules are concerned. It might be a violation of the A. A. U. Rules or some college conferences' rules.

112. Q. May a local high school athletic association or similar organization pay high school athletics for helping with the janitor work in the gymnasium, locker rooms or showers?

A. No. If additional janitor service is needed in a school, it should be paid for by the local Board of Education. Unethical practices can easily result if the local high school athletic associations are allowed to pay athletes for such services. The Board of Control has ruled that such a practice is considered as a violation of the spirit of the amateur rule.

113. Q. Must all the semester's work of three full and regular subjects or fifteen hours of regular high school work be completed at the close of that semester in order for a student to be eligible for the following semester?

A. Yes, in all cases except for the two exceptions definitely provided for in Article X, Section 11.

114. Q. Is a student who leaves school during a semester and returns that semester in time to complete less than fifteen hours of full and regular work by the close of the semester, eligible for the next semester?

A. No, because he had not completed the required work by the close of the semester.

115. Q. Is a student whose parents change their residence but

who remains in the school of their former residence, entitled to an athletic residence in this school?

A. Yes. Such student would be entitled to an athletic residence if he remained in the school where his parents formerly resided since there would be no change of school systems on his part.

116. Q. When is a student who changes high schools eligible?

A. He is just as eligible in the new school as he was in the former school, provided his parents actually change their place of residence to the new school district; or if he completes the full course of a one, two or three year high school and a certificate to that effect is filed with the Secretary of the Board of Control; or he changes from a non-accredited to an accredited high school; or if his parents move within or into a non-high school district, he is eligible at the new school if he changes at the beginning of the semester or after one month's residence, if he changes after the beginning of a semester and if his former principal has filed a transfer information certificate with his new principal. In all other cases a student who changes school systems is not eligible for one entire school year or thirty-six school weeks unless his former principal files with the Secretary of the Board of Control an athletic residence transfer certificate.

117. Q. For what students may athletic residence transfer certificates be secured?

A. The athletic residence transfer certificate is to provide for the student who must change school systems without a corresponding change of residence by his parents and for reasons entirely other than athletics; and where there has been no outside influence used to cause the student to make the change.

118. Q. Has the Board of Control authority to nullify an athletic residence transfer certificate?

A. Yes, if it is found that the change of schools was for athletic purposes or if influence was used to cause the change.

119. Q. Has the Board of Control authority to grant or to require a school to grant an athletic residence transfer certificate for a student?

A. No. Under Article X, Section 12, Note 1 the only person qualified to grant such certificate is the principal (or superintendent) of a student's previous school.

120. Q. How is an athletic residence transfer certificate secured?

A. After the actual change of school systems has been made, ap-

plication should be made to the Executive Secretary for an athletic residence transfer certificate for the student, giving the name of student and his former school.

121. Q. Who grants the certificate and with whom is it filed?

A. The certificate is granted by the principal of the former school for the current year and it is filed with the Executive Secretary of the Board of Control.

122. Q. May a student who changes school systems without a corresponding change of residence by his parents have an athletic residence at the second school if a local guardian is appointed?

A. No. A guardian is not recognized under any circumstances unless neither parent is living or legally incompetent, and then only if the guardianship has been legally made without any consideration given to athletic competition.

123. Q. Is a student who has been attending a high school which has been discontinued entitled to an athletic residence in the school of his choice?

A. Yes. Such a student is entitled to an athletic residence in the school of his choice if a statement is filed with the Executive Secretary of the Board of Control showing that the former high school has been discontinued. However after such a student has enrolled in another high school he cannot make another change without his eligibility being affected.

124. Q. Is a student who has finished the eighth grade and whose parents reside in a non-high school district, entitled to an athletic residence in the high school of his choice?

A. Yes, when first enrolling in the high school. See next question.

125. Q. Is a student whose parents reside in a non-high school district and who has attended "A" high school and who changes to "B" high school entitled to an athletic residence at the "B" high school, no change of residence having been made by his parents?

A. No. A student whose parents reside in a non-high school district is entitled to an athletic residence in the high school of his choice when first enrolling in the ninth grade. But having changed from the "A" high school he is ineligible for one full year in the "B" high school, unless the principal of the "A" high school files with the Executive Secretary of the Board of Control an athletic residence transfer certificate.

126. Q. Does the rule governing change of school systems apply to a student changing from the eighth grade to the high school?

A. No. It applies only to a student changing from one secondary school to another.

127. Q. When is a student eligible in school "A" if he withdraws from school "A", enters school "B" and later returns to school "A", his parents never having changed their residence from "A"?

A. Immediately if he is eligible in all other ways, as the SDHSAA rules provide that a student is always entitled to an athletic residence in the school district in which his parents reside.

128. Q. Does a student become ineligible in all sports, if he plays on an independent team during the school year?

A. No. A student becomes ineligible for the balance of the school year in that one sport if he plays on a team other than a high school team while a member of the high school squad in that sport, unless he violates his amateur standing or some general rule of the Association and then he would become ineligible for all sports.

129. Q. Is a student who is not a member of a high school fall baseball squad and who competes on an independent baseball team during the fall, eligible for the high school's spring baseball schedule?

A. Yes, unless he violates some general Association rule.

130. Q. Is a student who is a member of a high school's fall baseball squad and who competes on an independent baseball team, ineligible only for the balance of the fall baseball schedule or for the entire school year?

A. Such a student is ineligible for baseball during the entire school year.

131. Q. Is a student who has been out of High School for a semester or more and who has played on an independent team during that time, eligible when he enters school at the beginning of a semester?

A. Yes, unless he violated his amateur standing in some way and provided that he is eligible in all other ways.

132. Q. May a student play on an independent basketball team and still be eligible for high school track or baseball?

A. Yes, provided he violated no general Association rule.

133. Q. May an ineligible student practice with his team?

A. Yes. An ineligible student may practice with his team in intra-school practice but he cannot be on the field of play in uniform during an inter-school contest.

134. Q. May students, who are ineligible for the first team play on teams of lower ranking?

A. No. Ineligibility for one team means the same for all teams.

135. Q. Do girl athletic competitors have to fulfill the same requirements as boys?

A. Yes. Any contestant, either boy or girl must fulfill all Association requirements in order to be eligible to take part in an inter-school athletic contest.

136. Q. Where can transfer information blanks be secured?

A. By writing the Executive Secretary's Office.

137. Q. For whom are transfer information certificates filed?

A. For all students who change from one secondary school to another secondary school, without any consideration of the conditions under which the changes were made.

138. Q. With whom is the transfer information blank filed?

A. With the principal of the school where the student is at present enrolled.

139. Q. By whom is the transfer information blank filled out?

A. By the principal of the school previously attended by the student.

140. Q. Is a student eligible for any athletic competition who has not successfully passed the medical examination?

A. No. ALL CANDIDATES for athletic teams shall have the required yearly medical examinations and the physician's certificates shall be on file with the local principal.

141. Q. Where may medical certificate blanks be secured?

A. From the Executive Secretary's Office.

142. Q. Is a medical examination required for each sport a student competes in?

A. No. Only one medical examination is required each school year unless a school official has reason to believe a student's physical condition is not satisfactory.

143. Q. Where may blanks be secured for the parent's consent to compete and the student's statement?

A. From the Executive Secretary's Office.

144. Q. With whom are these statements filed.

A. With the principal of the local school.

VIOLETIONS

145. Q. How may contracts be cancelled?

A. By mutual consent or by securing permission from the Board of Control at least one week in advance of the contest.

146. Q. What is the penalty for failing to fulfill an uncanceled contract?

A. Suspension for one year and the forfeiture of the game.

147. Q. If a school team disbands, would the school be responsible for contracts made?

A. Yes, unless the contracts were cancelled by mutual consent. Failing such cancellation, the matter should be presented to the Board of Control for a decision.

AUTHORITY

148. Q. Over what contests does the Association have authority?

A. Over all inter-school athletic contests, both boys and girls, of the Association high schools.

149. Q. What is considered an inter-school athletic contest?

A. Any athletic contest which an Association high school has against any team not belonging to that high school.

150. Q. May girls' inter-school basketball games be played according to boys' rules?

A. No. This is strictly prohibited by the Association rules. Members have no more right to violate this rule by mutual agreement or otherwise than they have to violate any other Association provision.

INDEX

RULES AND REGULATIONS

(Abbreviations: A—Article; S—Section; N—Note; In—Interpretation; R—Ruling.)

ABSENCE—

illness, A. 10, S. 8.
ten days, A. 10, S. 8.

AGE LIMIT—A. 10, S. 1.

AMATEUR STANDING—A. 10, S. 9, N. & R.; A. 10, S. 10.

AMENDMENTS—

go into effect, A. 12, S. 5.
harmonized with rules, A. 6, S. 11.
proposed, A. 12, S. 7.

ANNUAL DUES—

amount, A. 7, S. 2.
basis, A. 7, S. 2, N. 1.
penalty for non-payment, A. 7, S. 2.
time for payment, A. 7, S. 2.

ANNUAL MEETING—

quorum, A. 5, S. 4.
school representative, A. 5, S. 3.
time and place, A. 5, S. 1.
voting unit, A. 5, S. 2.

ANNUAL REPORT—

rule, A. 8, S. 7.
penalty, A. 8, S. 7, & S. 8.

APPROVED TOURNAMENTS & MEETS—A. 9, S. 6, & N.

ASSOCIATION RULES—application, A. 9, S. 4; A. 12, S. 4.

AUDIT—financial records, A. 7, S. 3.

AUTHORITY—matters not covered by rules, A. 12, S. 3.

AWARDS—

affecting eligibility, A. 9, S. 5.
for athletic participation, A. 9, S. 5.
standardized, A. 6, S. 5.

BASEBALL—official rules, A. 12, S. 2.

BASKETBALL—official rules, A. 12, S. 2.

BOARD OF CONTROL—

disqualification for, A. 4, S. 5.
election, A. 5, S. 2.

membership, A. 4, S. 1.
officers, A. 4, S. 2.
quorum, A. 6, S. 1.
represented at State contests, A. 6, S. 3.
term of office, A. 4, S. 1.

RECOMMENDED MINIMUM ELIGIBILITY REQUIREMENTS

At the meeting of the National Council of the National Federation of State High School Athletic Associations which was held at Cleveland, Ohio, on Monday, February 25, 1929, the following list of eligibility rules was recommended as a list of minimum requirements for eligibility for interscholastic athletics. In publishing this list, your attention is specifically called to two facts:

1. This is a recommended list only, and is not required for membership in the National Federation.
2. These rules are recommended as minimum requirements. States having more restrictive rules on any of these points are not advised to modify them.

To represent a school in any interscholastic contest the following requirements must be met.

20-Year Rule

1. A pupil shall not have reached his twentieth birthday.

8-Semester Rule

2. He shall become ineligible after attending a four-year high school eight semesters or a senior high school six semesters. Graduates of these schools are ineligible. Attendance of 15 days of any semester shall be regarded as a "semester" under this rule.

Scholarship Rule and Consecutive Semester Attendance Rule

3. (a) He shall be doing passing work in at least fifteen periods or three full credit subjects of high school work per week.
(b) To be eligible he must have passed at the end of the immediately preceding semester in which the contest occurs, in fifteen periods or three full credit subjects. The record at the end of the semester shall be final. Scholastic deficiencies cannot be made up in any manner.

Amateur Rule

4. He shall not use his athletic skill for personal gain, nor shall he play on teams where one or more players are receiving money for their services. Should he lose his amateur standing he may be reinstated by the State Executive body after a lapse

of one complete year, provided he has not persisted in breaking the amateur rule.

Independent Team Participation Rule

5. After he has become a member of the high schools squad, he shall not take part in an independent contest where admission is charged.

Transfer Rule

6. He shall be ineligible for one semester if he transfers from one school without a corresponding change in his parents residence.

Recruiting Rule

7. The use of undue influence by anyone in causing a boy to transfer from one school to another for athletic purposes shall render him ineligible.
8. He shall have been enrolled not later than the beginning of of the eleventh day of school of the semester.

Athletic Award Rule

9. If he accepts from any source a sweater, jersey, or any other awards exceeding one dollar in value other than those usually given, such medals, trophies, fobs, letters and other athletic insignia, he shall be ineligible.

Grade Rule

10. He must have been promoted to the ninth grade.

Physician's Certificate and Parental Consent Rule

11. He shall present at least once each year a physician's certificate on a form prescribed by his State Association that he is physically fit for athletic competition. He shall likewise be required to present in writing consent for athletic participation.

Coaches Rule

12. Coaches shall be certified teachers regularly employed by the Board of Education and their entire salary shall be paid for by that body. They shall have not less than three regular periods of classes, gymnasium or study hall duty per day.

New York	South Dakota	Wyoming
North Dakota	Tennessee	

ATHLETIC ACCIDENT BENEFIT PLAN

An Athletic Accident Benefit Plan, based on those in operation in several other states was set up in South Dakota and ready to operate with the opening of school in 1939. At the time of printing this year book, eighty schools had enrolled their students and the success of the plan seems assured. Schools making use of this protection are (December 27): Astoria, Belvidere, Bradley, Brandt, Bridgewater, Britton, Brookings, Bryant, Burke, Camp Crook, Chancellor, Clark, Claremont, Coloma, Cresbard, Custer, Deadwood, Edgemont, Elkton, Frankfort, Gayville, Gregory, Hecla, Hot Springs, Hurley, Interior, Ipswich, Kadoka, Langford, Lemmon, Lennox, Leola, Lyons, Madison, Madison (Eastern), Martin, McIntosh, McLaughlin, Midland, Milbank, Mobridge, Mitchell, Mt. Vernon, Murdo, Newell, Onida, Parkston, Philip, Platte, Redfield, Ree Heights, Sisseton, Spearfish, St. Lawrence, Sturgis, Timber Lake, Toronto, Tripp, Tyndall, Wakarusa, Watertown, Wessington Springs, White, White River, and Yankton. Watertown, Wessington Springs, White, White River, Yankton, Anderson, Baltic, Brentford, Canton, Corona, DeSmet, Eagle Butte, Garden City, Glenham, Groton, New Effington, Peever, Volin, and Wagner.

RULES, REGULATIONS, AND REQUIREMENTS FOR PARTICIPATION IN THE ATHLETIC ACCIDENT BENEFIT PLAN ARTICLE I

Section 1 The South Dakota High School Athletic Association—a voluntary organization made up of Public High Schools and other member school—has set up the following plan for operation during the school year of 1939-1940 and its continuation shall depend upon the success of the plan and to the degree schools participate in the plan.

The Board of Control of the SDHSAA shall establish and maintain a mutual benefit plan for the member schools of the SDHSAA, said plan to provide benefit for certain injuries or other contingencies resulting from athletic activities sponsored by the South Dakota High School Athletic Association.

The phrase "other contingencies" is interpreted to include a death benefit and payment for injuries of such serious nature that require medical attention, the payment of the same to be left to the discretion of the Board of Control, provided always that payment for such injuries shall in no case exceed the sum of \$50.00. Under this interpretation it should be understood that claims for minor injuries which may be classified as "first aid" will not be paid.

The Board of Control of the South Dakota High School Athletic Association is the administrative Board of this benefit fund.

The Athletic Accident Benefit Plan was developed by the South Dakota High School Athletic Association for the benefit of students injured in high school athletics; that is, giving aid to needy athletes in their recovery from injuries sustained as a result of athletic pursuits. It should be clearly understood that the decision of the Board of Control in allowing any claim is final.

This is not an insurance plan and should not be so construed. It is an athletic accident benefit plan which is entirely voluntary and mutual and no guarantee is made that the maximum schedule of benefits herein mentioned will be paid in full. This plan applies only to bona fide students in public high schools that are members of the South Dakota High School Athletic Association.

The Athletic Accident Benefit Plan covers both boys and girls in all activities (athletic) sponsored by the South Dakota High School Athletic Association.

Section 2 Sports approved by the South Dakota High School Athletic Association are as follows:

Football (any form), Basketball, Track, Baseball, Softball, Volley ball, Physical Education, Golf and Tennis.

ARTICLE II

Section 1 SCHEDULE OF FEES.

For each student who desires to participate in the plan the registration fee of \$1.00 per student for football (any form) and all other sports and 50 cents per student for all sports except football shall be paid into the Athletic Accident Benefit Fund. The above schedule of income is understood to be in addition to regular dues which each school pays annually to the South Dakota High School Athletic Association.

ARTICLE III

Section 1 The school shall be a member of the South Dakota High School Athletic Association in good standing.

Section 2 Dues for the current year must be paid in accordance with the Rules and Regulations of the Association.

Section 3 No student will be protected until the Examination and Permit Card and Registration fee are in the office of the Executive Secretary of the South Dakota High School Athletic Association.

No student should be allowed to participate in athletics until the Principal has satisfied himself that the Examination and Permit cards are in the office of the Executive Secretary of the SDHSAA.

Comment: The Board of Control has interpreted that protection begins on the date the Examination and Permit Cards have been mailed to the Executive Secretary.

Section 4 In addition to the regular Examination and Permit Card, each principal must send two lists containing the names on the individual cards. After checking these lists with the cards the Executive Secretary will sign one list and return it to the Principal so the latter may know exactly what cards have been received by the Executive Secretary and may keep this information for future reference. The time of the receipt of the cards will also be indicated on the duplicate return. The South Dakota High School Athletic Association will provide a special blank known as the South Dakota High School Athletic Association Examination and Permit Summary and Registration Sheet for this purpose. This is important, it is the only check that the Principal has on the cards actually received by the SDHSAA.

Section 5 The approved Examination and Permit Cards of the South Dakota High School Athletic Association must be used.

Section 6 Students will be protected only when an injury occurs in a regularly scheduled game or regular practice in the sports approved by the SDHSAA found printed and approved on the Examination and Permit Card. Protection will be effective for competition—Inter-class, Intramural, or interscholastic—as well as for actual directed practice in the approved sports. Protection is also given students participating in physical training classes under the direction of instructors provided that the registration fees have been paid and the regular Examination and Permit Cards have been received.

Section 7 In order to be eligible for athletic accident benefits the student must be regularly enrolled in a public high school which is a member of the SDHSAA.

Section 8 No student will be eligible for more than one benefit of \$20.00 or more during one sport season unless a re-examination report by a physician approving participation after recovery is on file in the

office of the Executive Secretary before the second injury occurs. No registration fee is necessary for re-registration.

Section 9 In case of more than one injury only those properly reported on the preliminary report cards will be considered for benefit payment.

Section 10 The Board of Control reserves the right to ask for additional evidence beyond that originally submitted should the Medical or Dental Advisor deem such additional evidence desirable or necessary to establish the validity of the claim.

Section 11 All checks will be made payable jointly to the Principal as the agent of the student and the physician or dentist rendering the service. This is done so as to enable the principal to establish the fact that the account for which the check was issued is paid.

Section 12 The South Dakota High School Athletic Association will not pay a benefit unless the preliminary report of the accident is received in the office of the Executive Secretary within twelve (12) days immediately following the day of the injury. Preliminary report cards supplied by the SDHSAA should be used. Failure to have report of the injury in the office of the Executive Secretary within twelve (12) days after the accident eliminates the benefit. A few preliminary report cards will be mailed with each supply of Examination and Permit Cards.

Section 13 The injury for which the benefit is requested must occur in a regular practice or a regularly scheduled game or in a class exercise conducted by the regular gymnasium instructor.

Section 14 Requests not completed within sixty (60) days from the date of the injury will be considered withdrawn and will not be allowed. Extension of time to complete a claim will be granted upon request for good reason shown.

Section 15 Examination and Permit Cards must contain the original signatures of the parent or guardian and physician.

Section 16 Examination and Permit Cards must be filed Yearly.

Section 17 A case once settled by payment of a request will not be re-opened if the check sent has been presented for payment.

ARTICLE IV

1939-40 Schedule of Maximum Benefits

On the basis of fees collected during 1939-1940 the following schedule of benefits is proposed which is to be considered the maximum for each injury as listed in the schedule.

Section 1 SCHEDULE OF MAXIMUM BENEFITS

Entire sight of one eye if irrevocably lost	\$200.00
Fractured Pelvis	20.00
Both bones of either leg fractured between ankle and knee	75.00
Both bones of either arm fractured between wrist and elbow	60.00
Cerebral hemorrhage	50.00
Either leg fractured above the knee and in cast	50.00
Either arm fractured above the elbow	40.00
Fractured Vertebra	40.00
Either bone of either leg fractured between ankle and knee	30.00
Either bone of either arm fractured between wrist and elbow	25.00
Fractured collar bone	20.00
Fractured scapula	20.00
Fractured cheek bone	20.00
Fractured knee cap	20.00
Fractured jaw	20.00
Fractured nose	10.00
Fractured bone in hand—radiograph required	10.00
Fractured bone in hand—no radiograph	7.50
Fractured bone in foot—radiograph required	10.00
Fractured bone in foot—no radiograph	7.50
Fractured ribs—two or more	10.00
(one rib only, \$5.00)	
Complete dislocation of joints, if injury keeps participant out of competition for a period of at least fifteen (15) days:	
Hip	25.00
Knee	15.00
Shoulder	10.00
Ankle	10.00
Arm, wrist or elbow.....	7.50
X-ray examination to determine fracture	5.00
(This will only be allowed in cases where request for fracture is filed and x-ray negative to fracture)	

DENTAL SCHEDULE

One chipped tooth	\$ 2.00
Broken facing	3.00
Replacing knocked out filling	3.00
One broken tooth	10.00
Loss of one tooth	10.00
Maximum fee for one dental injury	25.00

Ordinary small filings	2.00
Section 2 Medical and Dental regulations.	

The following qualifying requirements have been adopted by the Board of Control.

(a) A radiograph may be required on all injuries scheduled at \$20.00 or more. If a radiograph is requested on other scheduled injuries allowance of \$3.00 for each picture not to exceed two (2) may be made in addition to the schedule of benefits.

All claims amounting to \$20.00 or more shall include the cost of any X-ray.

(b) The amount actually allowed will not exceed the itemized statement filed by the physician or dentist which must accompany each request for benefit. The listed amount is maximum in each case.

(c) Dental work must be completed before any payment will be made.

ARTICLE V

Comments, Instructions, Information

Section 1 The above Athletic Accident Benefit Plan is printed in detail and we ask that each Superintendent, Principal, Coach or Athletic Director read the provisions of the plan very carefully. If this is done many mistakes will be avoided and all will have a greater understanding of the purpose and work of the plan. This will save both correspondence and time. It is evident that the responsibility in carrying out the provisions of the Plan as far as each school is concerned rests entirely with the Principal or Superintendent.

Section 2 It will be observed that all injuries should be reported promptly and that the time limit for a completed claim is sixty (60) days. A completed claim should furnish the following:

- Form Number 1—Student's claim and Principal's statement.
- Form Number 2—Physician's Report
- Form Number 3—Dentist's Report
- Itemized Bill or Statement of Physician or Dentist.

The statements furnished by the Principal and the physician or dentist should be very specific in describing the nature of the injury.

Section 3 In physical education classes or any intramural classes as well as interscholastic contests where the supervised play consists of football (any form); such as six-man, touch football or soccer, the registration is \$1.00. Boxing is not included in the list of approved sports.

Section 4 It will also be observed that the registration fee for football (any form) is \$1.00 per student, and this covers him in all other activities. The fifty cent fee covers all athletic activities except football. There is no reduction in the fee if a student participates in football only.

Section 5 The Athletic Accident Benefit Plan does not provide for hospitalization or for injury caused during transportation.

Section 6 Injuries for which benefit is requested must occur in a regular practice or regularly scheduled contest or in class exercises conducted by the regular gymnasium instructor. Such injuries must occur during the school year.

 Rosholt—1926.
 Salem—1916, 1923, 1925 Runners-up, 1926 Champions, 1927, 1930.
 Selby—1925.

Sioux Falls—1916 Champions, 1917, 1920, 1921, 1922, 1923, 1924, 1925, 1926, 1928 Runners-up, 1936, 1932, 1933, 1934 Champions, 1935, 1936 "A" Runners-up, 1937 "A", 1938 "A".

Tyndall—1936 "B".

Vale—1934.

Vermillion—1917, 1918, 1923, 1937 "B".

Volga—1925, 1926.

Wakpala—1931.

Wakonda—1939 "B".

Watertown—1917, 1925, 1927, 1929, 1931, 1934, 1937 "A", 1938 "A".

Waubay—1916, 1917, 1931.

Waverly—1926.

Webster—1935.

White—1922, 1930, 1937 "B" Consolation Champions.

Woonsocket—1923, 1924, 1925, 1926, 1928, 1939 "B" Consolation Champions.

Yankton—1919, 1920, 1922 Champions, 1923 Champions, 1934 Champions, 1925 Champions, 1926, 1928 Champions, 1929 Champions, 1930 Runners-up, 1931 Champions, 1932, 1933, 1934, 1935 Consolation Champions, 1936 "A", 1937 "A", 1938 "A" Runners-up.

The control of the state basketball tournament was taken over by the South Dakota High School Athletic Association in 1916, previous to that year it had been an invitational tournament sponsored by Huron College. It remained an open tournament until 1918 when the membership of the Association was divided into seven districts and seven teams competed in the 1918 state tournament. Eight teams competed in 1919, 1920 and 1921 tournaments; ten teams in the 1922 tournament, sixteen teams in the 1923-1924-1925-1926 tournaments.

Beginning with 1927 the membership was divided into districts and regions and from that time to 1936 eight teams competed in the state tournaments. In 1930 the runners-up in the thirty-two districts were divided into eight regions and the winners of these regional tournaments competed in the 1930 State "B" tournament (Teams competing were Mitchell, Hot Springs, Selby, Alcester, Delmont, Volga, Milbank, Highmore, Mitchell Champion, Volga Runner-up and Hot Springs Consolation champion.) This tournament was conducted only in 1930.

Beginning in 1936 the membership was divided into "A" and "B" classification. High Schools with an enrollment of 300 or more were designated as "A" schools and those under that figure as "B" schools.

The Class "A" teams were divided into three sections, Eastern, Central and Western Section. The first five ranking teams of the Eastern South Dakota Conference (Sioux Falls, Aberdeen, Huron, Watertown, Mitchell, Yankton and Brookings,) entered the state "A" tournament without further competition. The remaining teams of each section went into sectional tournaments, the winners entering the state "A" tournament. "B" teams with outstanding records were given the opportunity to challenge into the Sectional "A" tournaments instead of competing in the "B". Highmore was the only challenger to enter the state "A" tournament, this in 1936.

For the 1939 "A" tournament the plan was changed so that the four high ranking teams in the Eastern South Dakota Conference entered the state "A" tournament without further competition, the two ranking "A" teams in the Black Hills to qualify without further competition and the ranking team between the remaining two teams in the East and Central Sections to be determined by season's play.

The Class "B" schools for the class "B" state tournament are divided into thirty-two districts and eight regions. Elimination tournaments are held in each district and region and the regional champions are eligible to enter the state "B" basketball tournament.

1938 "A" SECTIONS

East	Milbank	Brookings	Flandreau Ind.	Milbank
Central	Winner	Mitchell	Pierre	Winner
Western	Rapid City	Rapid City	Lead	Hot Springs

Rank in E. S. D. Conference: Huron, Aberdeen, Sioux Falls, Yankton, Watertown.

1939 STATE "A" BASKETBALL TOURNAMENT

For 1939 all teams were to enter the State Tournament by seasons record. The four high teams in the E. S. D. Conference to qualify. In the Eastern Section either Madison or Flandreau Indians, in the Central section either Pierre or Winner and in the Black Hills Conference the two high "A" teams to qualify. Members of the E.S.D. Conference withdrew from tournament play and Madison rejoined the conference after the plan was set-up, thereby leaving Flandreau Indians in the Eastern Section. Pierre defeated Winner and Rapid City and Lead were the two high teams in the Black Hills Conference.

VIII	Phillip	Deadwood	Custer	Murdo

1939 "A" SECTIONS

The plan for 1939 was to be as follows: the four high teams in the E. S. D. Conference qualify for the tournament, either Madison or Flandreau Indians from the east section, Pierre or Winner from the Central Section and the two high "A" teams in the Black Hills Conference.

The Eastern S. D. Conference withdrew from state tournament competition leaving the Flandreau Indians in the East. Pierre defeated Winner and Rapid City and Lead were the top teams in the Black Hills Conference, therefore a four team tournament with Flandreau Indians, Pierre, Lead and Rapid City qualified.

State Track and Field Meets

TRACK AND FIELD MEET OFFICIAL RECORDS

Made under the auspices of the South Dakota High School Athletic Association at its Annual Track and Field Meets.

1940 FAIR PLAY STREAMLINED SCOREBOARDS

Model A

Aside from good playing nothing adds to the interest in basketball like an attractive automatic timer and electric scoreboard.

FAIR PLAY devices have proved to be dependable "This is the most dependable device of its kind we have ever used in our state tournaments", writes a State Secretary of an Athletic Association.

The high school principal of Milbank, S. D., writes: "I believe this scoreboard is one of the most satisfactory pieces of equipment we have ever had."

Write today for your new catalogue if interested.
